BUSINESS BLUE MASTER GROUP POLICY BENEFITS OUTLINE

OBSTETRIC OR GYNECOLOGICAL CARE NOTICE:

You do not need prior authorization from Blue Cross of Idaho or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, please visit our Web site at www.bcidaho.com. You may also call our Customer Service Department at (208) 331-8897 or (866) 804-2253 for assistance in locating a Provider.

GRANDFATHERED HEALTH PLAN NOTICE:

Blue Cross of Idaho believes this Policy is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your Policy may not include certain consumer protections of the Affordable Care Act that apply to other plans. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to your Group Administrator.

WOMEN’S HEALTH AND CANCER RIGHTS ACT NOTICE:

The Women's Health and Cancer Rights Act of 1998 requires health plans and insurers to provide the following mastectomy-related services.

Specifically, if health plans and insurers cover mastectomies/lumpectomies, they must also cover, in a manner determined in consultation with the attending physician and the patient:

1. Reconstruction of the breast on which the mastectomy/lumpectomy was performed;
2. Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
3. Prostheses and treatment of physical complications at all stages of the mastectomy/ lumpectomy, including lymphedemas.

This Benefits Outline describes the benefits of this Policy in general terms. It is important to read the Policy in full for specific and detailed information that includes additional exclusions and limitations on benefits. The Office of Group Insurance will be able to help if you have questions.

Throughout this Policy, Blue Cross of Idaho may be referred to as BCI. For Covered Services under the terms of this Policy, Maximum Allowance is the amount established as the highest level of compensation for a Covered Service. There is more detailed information on how Maximum Allowance is determined and how it affects out-of-state coverage in the Definitions Section.

To locate a Contracting Provider in your area, please visit our Web site at www.bcidaho.com. You may also call our Customer Service Department at 1-208-331-8897 or 1-866-804-2253 for assistance in locating a Provider.

HOW TO SUBMIT CLAIMS

An Insured must submit a claim to Blue Cross of Idaho (BCI) in order to receive benefits for Covered Services. There are three ways for an Insured to submit a claim:

1. The health care Provider (hospital, doctor, or other facility or specialist) can file the claims for the Insured. Most Providers will submit a claim on an Insured's behalf if the Insured shows them a BCI identification card and asks them to send BCI the claim.
2. The Insured can send BCI the claim.
3. For Medicare eligible Insureds: the hospital will file Medicare Part A claims for the Insured, and the Physician or other Provider will file Medicare Part B claims. Generally, the Provider will also file Blue Cross of Idaho claims. To avoid possible confusion, the Insured should confirm with the Providers that they will file Blue Cross of Idaho claims on behalf of the Insured.

To File An Insured's Own Claim

If a Provider prefers that an Insured file the claim, here is the procedure to follow:

1. Ask the Provider for an itemized billing. The itemized billing should show each service received and its procedure code and its diagnosis code, the date each service was furnished, and the charge for each service. Medicare eligible Insureds should wait until Medicare has processed the claim and the Insured has received the Medicare Explanation of Benefits. BCI cannot accept billings that only say "Balance Due," "Payment Received" or some similar statement.
2. Obtain a Member Claim Form from the Provider or any of BCI's offices, and follow the instructions. Use a separate billing and Member Claim Form for each patient.
3. Attach the billing and/or Medicare's Explanation of Benefits to the Member Claim Form and send it to:

For assistance with claims or health benefit information, please call BCI Customer Service at 1-208-331-8897 or 1-866-804-2253.

How Blue Cross of Idaho Notifies the Insured

BCI will send the Insured an Explanation of Benefits (EOB) as soon as the claim is processed. The EOB will show all the payments BCI made and to whom the payments were sent. It will also explain any charges BCI did not pay in full. Insureds should keep this EOB for their records.

INPATIENT NOTIFICATION SECTION

This section describes procedures that must be followed in order for Insureds to receive the maximum benefits available for Covered Services. As specified, Non-Emergency Preadmission Notification or Emergency Admission Notification is required for all Inpatient services.

NOTE: Some Inpatient services also require the Provider to obtain Prior Authorization. Please refer to the Prior Authorization Section.

I. Non-emergency Preadmission Notification

Non-Emergency Preadmission Notification is a notification to Blue Cross of Idaho by the Insured and is required for all Inpatient admissions except Covered Services subject to Emergency or Maternity delivery Admission Notification. An Insured should notify BCI of all proposed Inpatient admissions as soon as he or she knows he or she will be admitted as an Inpatient. The notification should be made before any Inpatient admission. Non-Emergency Preadmission Notification informs BCI, or a delegated entity, of the Insured's proposed Inpatient admission to a Licensed General Hospital, Alcohol or Substance Abuse Treatment Facility, Psychiatric Hospital, or any other Facility Provider. This notification alerts Blue Cross of Idaho of the proposed stay. When timely notification of an Inpatient admission is provided by the Insured to BCI, payment of benefits is subject to the specific benefit levels, limitations, exclusions and other provisions of this Policy.

For Non-Emergency Preadmission Notification call BCI at the telephone number listed on the back of the Enrollee's Identification Card.

II. Emergency Admission Notification

When an Emergency Admission occurs for Emergency Medical Conditions and notification cannot be completed prior to admission due to the Insured's condition, the Insured, or his or her representative, should notify BCI within twenty-four (24) hours of the admission. If the admission is on a weekend or legal holiday, BCI should be notified by the end of the next working day after the admission.

This notification alerts BCI to the emergency stay.

III. Continued Stay Review

BCI will contact the hospital utilization review department and/or the attending Physician regarding the Insured's proposed discharge. If the Insured will not be discharged as originally proposed, BCI will evaluate the Medical Necessity of the continued stay and approve or disapprove benefits for the proposed course of Inpatient treatment. Payment of benefits is subject to the specific benefit levels, limitations, exclusions and other provisions of this Policy.

IV. Discharge Planning

BCI will provide information about benefits for various post-discharge courses of treatment.

PRIOR AUTHORIZATION SECTION

NOTICE: *Prior Authorization is required to determine if the services listed in the Attachment A are Medically Necessary and a Covered Service. If Prior Authorization has not been obtained to determine Medical Necessity, services may be subject to denial. Any dispute involved in Blue Cross of Idaho's Medical Necessity decision must be resolved by use of the Blue Cross of Idaho appeal process.*

If Non-Medically Necessary services are performed by Contracting Providers, without the Prior Authorization by Blue Cross of Idaho, and benefits are denied, the cost of said services are not the financial responsibility of the Insured. The Insured is financially responsible for Non-Medically Necessary services performed by a Provider who does not have a Provider contract with Blue Cross of Idaho.

Prior Authorization is a request by the Insured's Contracting Provider to BCI, or delegated entity, for authorization of an Insured's proposed treatment. BCI may review medical records, test results and other sources of information to ensure that it is a Covered Service and make a determination as to Medical Necessity or alternative treatments.

The Insured is responsible for obtaining Prior Authorization when seeking treatment from a Noncontracting Provider.

Please refer to Attachment A of the Benefits Outline, check the BCI Web site at www.bcidaho.com, or call Customer Service at the telephone number listed on the back of the Insured's Identification Card to determine if the Insured's proposed services require Prior Authorization. To request Prior Authorization, the Contracting Provider must notify BCI of the Insured's intent to receive services that require Prior Authorization.

The Insured is responsible for notifying BCI if the proposed treatment will be provided by a Noncontracting Provider.

The notification may be completed by telephone call or in writing and must include the information necessary to establish that the proposed services are Covered Services under the Insured's Policy and Medically Necessary. BCI will respond to a request for Prior Authorization received from either the Provider or the Insured within two (2) business days of the receipt of the medical information necessary to make a determination.

Prior Authorization is not a guarantee of payment. It is a pre-service determination of Medical Necessity based on information provided to Blue Cross of Idaho at the time the Prior Authorization request is made. Blue Cross of Idaho retains the right to review the Medical Necessity of services, eligibility of services and benefit limitations and exclusions after services are received.

COMPREHENSIVE MAJOR MEDICAL BENEFITS SECTION

This section specifies the benefits an Insured is entitled to receive for the Covered Services described, subject to the other provisions of this Policy. When an Insured has received Medicare benefits for Covered Services, BCI shall pay secondary subject to provisions of this Policy and when required by Medicare.

I. Benefit Period

The Benefit Period is the specified period of time during which an Insured's benefits for incurred Covered Services accumulate toward annual benefit limits, Deductible amounts and Out-of-Pocket Limits. The Benefit Period consists of the policy year from July 1 to June 30 of the following year unless otherwise noted. If the Insured's Effective Date is after the Policy Date, the initial Benefit Period for that Insured may be less than twelve (12) months.

The Benefit Period for Hospice Covered Services is a continuous six (6) month period that begins when a Hospice Plan of Treatment is approved by Blue Cross of Idaho (BCI).

II. Deductible

A. Individual

The Individual Deductible is shown in the Benefits Outline.

B. Family

The Family Deductible is shown in the Benefits Outline.

III. Out-of-Pocket Limit

The Out-of-Pocket Limit is shown in the Benefits Outline. Eligible Out-of-Pocket expenses include only the Insured's Deductible and Coinsurance for eligible Covered Services. If an Insured is admitted as an Inpatient at the end of a Benefit Period and the hospitalization continues uninterrupted into the succeeding Benefit Period, all eligible Out-of-Pocket expenses incurred for Inpatient Hospital Services are considered part of the Benefit Period in which the date of admission occurred. Out-of-Pocket expenses associated with the following are not included in the Out-of-Pocket Limit:

- A.** Amounts that exceed the Maximum Allowance.
- B.** Amounts that exceed benefit limits.
- C.** Amounts that exceed the Medicare Limiting Charge, if applicable.
- D.** Dental Covered Services except Dental Services Related to Accidental Injury.
- E.** Prescription Drug Covered Services.
- F.** Noncovered services or supplies.

IV. Aggregate Deductible and Out-of-Pocket Maximums

IV. Amount Of Payment

- A.** The amount of payment for a covered Prescription Drug dispensed by a Participating Pharmacist is the balance remaining after subtracting the Prescription Drug Copayment from the lower of the Allowed Charge or the Usual Charge for the Prescription Drug.
- B.** For a covered Prescription Drug dispensed by a Physician or a Licensed Pharmacist who is not a Participating Pharmacist, the Insured is responsible for paying for the Prescription Drug at the time of purchase and must submit a claim to BCI or one (1) of its designated claims processing vendors. If the Insured's Physician or other Provider prescribes a drug, which requires Prior Authorization, the Insured will be informed by the Provider or Pharmacist. To obtain Prior Authorization the Insured's Physician must notify BCI or its designated agent, describing the Medical Necessity for the prescription. Within a reasonable period of time, but no later than fifteen (15) days after BCI or its designated agent, receives a request for Prior Authorization, BCI or its designated agent, will notify the Insured and/or the attending Provider(s) of its determination, or BCI or its designated agent, may request additional information necessary to make an informed determination.

The evidence should consist of current published medical literature and investigations published in peer-reviewed journals. The quality of the studies and consistency of results will be considered. The evidence should demonstrate that the technology can measure or alter physiological changes related to a Disease, injury, Illness, or condition. GENERAL PROVISIONS SECTION

I. Entire Policy—Changes

This Policy, which includes only the Benefits Outline, Group application, individual enrollment applications, Insured identification cards, and any written endorsements, riders, amendments or other written agreements, and any policies, terms, conditions, or requirements incorporated by reference at bcidaho.com approved in writing by an authorized Blue Cross of Idaho (BCI) officer, is the entire Policy between the Group and BCI. No agent or representative of BCI, other than a BCI officer, may change this Policy or waive any of its provisions. This Policy supplants and replaces any and all previous oral or written agreements, certificates, contracts, policies or representations, which shall have no further force and effect.

II. Records of Insured Eligibility and Changes in Insured Eligibility

- A.** The Group shall furnish completed applications or other BCI approved forms required by BCI for it to provide coverage of the Group's Insureds under this Policy. In addition, the Group will provide written notification to BCI within thirty (30) days of the Effective Date of any changes in an Insured's enrollment and benefit coverage status under this Policy.
- B.** A notification by the Group to BCI must be furnished on BCI approved forms, and according to rules and regulations of BCI. The notification must include all information reasonably required by BCI to effect changes, and must be accompanied by payment of applicable premiums.

III. Termination or Modification of This Policy

- A.** The Group or BCI may unilaterally terminate or modify the terms of this Policy as required by statutory and/or regulatory changes. Such termination or modification shall be effective immediately or as required by the statutory or regulatory change. BCI shall give the Group written notice of such modification or termination.
- B.** This Policy may be unilaterally terminated by BCI for any of the following:
 - 1. For the Group's fraud or intentional misrepresentation of a material fact.
 - 2. If BCI elects not to renew all of its Health Benefit Plans delivered or issued for delivery to Large Employers in the state of Idaho. In which case, BCI will provide notice to the Group and its Insureds of such nonrenewal at least one hundred eighty (180) days in advance of the date of nonrenewal.
- C.** If the Group fails to pay premiums as agreed in the Eligibility and Enrollment Section, this Policy will terminate without notice at the end of the period for which the last premiums were paid. However, if the Group makes premium payments within sixty (60) days after the due date, BCI will reinstate this Policy as of the due date. No benefits are available during this sixty (60)-day period unless all premiums are properly paid before expiration of the sixty (60)-day period.
- D.** No more than 120 days prior to the date of annual renewal, BCI must provide to the Group a written proposal of renewal rates for the then current benefit plan

IV. Termination or Modification of an Insured's Coverage Under This Policy

- A.** If an Enrollee ceases to be an Eligible Retiree, the Enrollee's coverage and the coverage of any and all enrolled Eligible Dependents will terminate on the last day of the last month for which payment was made.
- B.** Except as provided in this paragraph, coverage for an Insured who is no longer eligible under this Policy will terminate on the date an Insured no longer qualifies as an Insured, as defined in the Eligibility and Enrollment Section. Coverage will not terminate because of age for an Insured who is a dependent child incapable of self-sustaining employment by reason of intellectually disability or physical handicap, who became so incapable prior to reaching the age limit, and who is chiefly dependent on the Enrollee for support and maintenance, provided the Enrollee, within thirty-one (31) days of when the dependent child reaches the age limit, has submitted to BCI (at the Enrollee's expense) a Physician's certification of such dependent child's incapacity. BCI may require, at reasonable intervals during the two (2) years following when the child reaches the age limit, subsequent proof of the child's continuing disability and dependency. After two (2) years, BCI may

require such subsequent proof once each year. Coverage for the dependent child will continue so long as this Policy remains in effect, the child's disability and financial dependency exists, and the child has not exhausted benefits.

- C. Termination or modification of this Policy automatically terminates or modifies all of the Insured's coverage and rights hereunder. It is the responsibility of the Group to notify all of its Insureds of the termination or any modification of this Policy, and BCI's notice to the Group, upon mailing or any other delivery, constitutes complete and conclusive notice to the Insureds.
- D. Except as otherwise provided in this Policy, no benefits are available to an Insured for Covered Services rendered after the date of termination of an Insured's coverage.
- E. Prior to legal finalization of an adoption, the coverage provided in this Policy for a child placed for adoption with an Enrollee continues as it would for a naturally born child of the Enrollee until the first of the following events occurs:
 - 1. The date the child is removed permanently from placement and the legal obligation terminates, or
 - 2. The date the Enrollee rescinds, in writing, the agreement of adoption or the agreement assuming financial responsibility.If one (1) of the foregoing events occurs, coverage terminates on the last day of the month in which such event occurs.
- F. Coverage under this Policy will terminate for an Eligible Dependent on the last day of the month he or she no longer qualifies as an Eligible Dependent due to a change in eligibility status.

V. Benefits After Termination of Coverage

- A. When this Policy remains in effect but an Insured's coverage terminates for reasons other than those specified in General Provisions IV.E., benefits will be continued:
 - 1. If the Insured is eligible for and properly elects continuation coverage in accordance with the applicable provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) and any amendments thereto.

Most employers who employ twenty (20) or more people on a typical business day are subject to COBRA. If the Group is subject to COBRA, an Insured may be entitled to continuation coverage. Insureds should check with the Group for details.
 - 2. For Covered Services of an Insured who is being treated as an Inpatient on the day the Insured's coverage terminates, but only until the Insured is discharged, or the end of the Benefit Period in which coverage terminated, or until benefits are exhausted, whichever occurs first. Benefits for Covered Services are limited to the Inpatient treatment of the condition, Accidental Injury, Disease or Illness causing the Inpatient confinement.
- B. When the Group or BCI terminates this Policy, benefits will be continued:
 - 1. For Covered Services of an Insured who is being treated as an Inpatient on the day the Insured's coverage terminates, but only until the Insured is discharged, or the end of the Benefit Period in which coverage terminated, or until benefits are exhausted, whichever occurs first. Benefits for Covered Services are limited to the Inpatient treatment of the condition, Accidental Injury, Disease or Illness causing the Inpatient confinement.
 - 2. For Covered Services directly related to a pregnancy that existed on the date of termination, in accordance with state law and regulations. Such Covered Services are subject to all the terms, limitations, and provisions of this Policy and will be provided for no more than twelve (12) consecutive months following the date coverage terminates or until the conclusion of the pregnancy, or until replacement coverage is in effect according to General Provisions section XXIX. of this Policy, whichever occurs first.
 - 3. For Covered Services directly related to a Total Disability that existed on the date of termination, in accordance with state law and regulations. Such Covered Services are subject to all the terms, limitations, and provisions of this Policy and will be provided for no more than twelve (12) consecutive months following the date coverage terminates or until the Total Disability ceases, whichever occurs first.

VI. Transfer Privilege

An Insured is eligible to transfer his or her health care coverage to a BCI individual policy if the Insured ceases to be eligible for coverage under this Policy. If an Insured's enrollment status changes as indicated below, the following Insureds may apply for transfer:

- A. The Enrollee, if the Enrollee ceases to be an Eligible Retiree as specified in the Eligibility and Enrollment Section. The Enrollee may include enrolled Eligible Dependents in the Enrollee's application for transfer.
- B. An enrolled dependent child who ceases to be an Eligible Dependent as specified in the Eligibility and Enrollment Section.
- C. The Enrollee's spouse (if an Insured) upon entry of a final decree of divorce or annulment.
- D. The Enrollee's enrolled Eligible Dependents upon the Enrollee's death.

To apply for a transfer, the Insured must submit a completed application and the appropriate premium to BCI within thirty (30) days after the loss of eligibility of coverage. If approved, benefits under the new policy are subject to the rates, regulations, terms, and provisions of the new policy.

If the Group or BCI terminates this Policy, and the Group provides another health care plan to its employees effective immediately after the termination of this Policy, no Insured will be entitled to this transfer privilege.

VII. Contract Between BCI and the Group—Description of Coverage

This Policy is a contract between BCI and the Group. BCI will provide the Group with a copy of the Policy. This Policy shall not be construed as a contract between BCI and any Enrollee. BCI's mailing or other delivery of this Policy to the Group constitutes complete and conclusive issuance and delivery thereof to each Enrollee.

VIII. Applicable Law

This Policy shall be governed by and interpreted according to the laws of the state of Idaho. BCI and the Group consent to the jurisdiction of the state courts of Ada County in the state of Idaho in the event of any dispute between them. The rights of the Insureds and coverage under this Policy may be affected by applicable state and federal laws, including without limitation the Health Insurance Portability and Accountability Act.

IX. Notice

Any notice required under this Policy must be in writing. BCI's notices to the Group will be sent to the Group's mailing address or electronic address as they appear on BCI's records, and mailing or any delivery to the Group constitutes complete and conclusive notice to the Insureds. Notice given to BCI must be sent to BCI's address contained in the Group Application. The Group shall give BCI immediate written notice of any change of address for the Group or any of its Insureds. BCI shall give the Group immediate written notice of any change in BCI's address. When BCI is required to give advice or notice, the depositing of such advice or notice with the U.S. Postal Service, regular mail, or the other delivery, including electronic distribution, conclusively constitutes the giving of such advice or notice on the date of such mailing or delivery.

X. Benefits to Which Insureds are Entitled

- A. Subject to all of the terms of this Policy, an Insured is entitled to benefits for Covered Services in the amounts specified in the benefit sections and/or in the Benefits Outline.
- B. In the event of an Inpatient Admission that occurs prior to the Group's transfer to BCI and the Effective Date of coverage under this Policy, benefits will be provided only when the Insured receives services that are Covered Services under this Policy. The outgoing carrier has primary responsibility for providing benefits for the Inpatient treatment from the date of admission until the first of the following events occur:
 - The Insured is discharged,
 - The Benefit Period under the previous coverage ends, or
 - Until benefits under the outgoing carrier's policy are exhausted.BCI will provide benefits for Covered Services incurred following the Effective Date of coverage

reduced by the benefits paid by the outgoing carrier and are regularly and customarily included in such Covered Providers' charges.

- C. Benefits will be provided only if Covered Services are prescribed by, or performed by, or under the direction of a Physician or other Professional Provider.
- D. Covered Services are subject to the availability of Licensed General Hospitals and other Facility Providers and the ability of the employees of such Providers and of available Physicians to provide such services. BCI shall not assume nor have any liability for conditions beyond its control which affect the Insured's ability to obtain Covered Services.

XI. Notice of Claim

BCI is not liable under this Policy to provide benefits unless a proper claim is furnished to BCI that shows Covered Services have been rendered to an Insured. A claim must be provided within one (1) year from the date a Covered Service is rendered. The claim must include all the data necessary for BCI to determine benefits.

XII. Release and Disclosure of Medical Records and Other Information

In order to effectively apply the provisions of this Policy, BCI may obtain information from Providers and other entities pertaining to any health related services that the Insured may receive or may have received in the past. BCI may also disclose to Providers and other entities, information obtained from the Insured's transactions such as policy coverage, premiums, payment history and claims data necessary to allow the processing of a claim and for other health care operations. To protect the Insured's privacy, BCI treats all information in a confidential manner. For further information regarding BCI's privacy policies and procedures, the Insured may request a copy of BCI's Notice of Privacy Practices by contacting Customer Service at the number provided in this Policy.

Each Insured also authorizes disclosures to the employer, association, trust fund, union, or similar entity to which this Policy is issued for purposes of utilization review or audit and such other disclosures as may be permitted or required by law.

XIII. Exclusion of General Damages

Liability under this Policy for benefits conferred hereunder, including recovery under any claim or breach of this Policy, is limited to the actual benefits for Covered Services as provided herein and shall specifically exclude any claim for general damages, including but not limited to, alleged pain, suffering or mental anguish, or for economic loss, or consequential loss or damages.

XIV. Payment of Benefits

- A. The Insured authorizes BCI to make payments directly to Providers rendering Covered Services to the Insured for benefits provided under this Policy. Notwithstanding this authorization, BCI reserves and has the right to make such payments directly to the Insured. Except as provided by law, BCI's right to pay an Insured directly is not assignable by an Insured nor can it be waived without BCI's concurrence nor may the right to receive benefits for Covered Services under this Policy be transferred or assigned, either before or after Covered Services are rendered.
- B. Once Covered Services are rendered by a Provider, BCI is not obligated to honor Insured requests not to pay claims submitted by such Provider, and BCI shall have no liability to any person because of its rejection of such request. However, for good cause and in its sole discretion, BCI may nonetheless deny all or any part of any Provider claim.

XV. Insured/Provider Relationship

- A. The choice of a Provider is solely the Insured's.
- B. BCI does not render Covered Services but only makes payment for Covered Services received by Insureds. BCI is not liable for any act or omission or for the level of competence of any Provider, and BCI has no responsibility for a Provider's failure or refusal to render Covered Services to an Insured.
- C. The use or nonuse of an adjective such as Contracting or Noncontracting is not a statement as to the

ability of the Provider.

XVI. Participating Plan

BCI may, in its sole discretion, make an agreement with any appropriate entity (referred to as a Participating Plan) to provide, in whole or in part, benefits for Covered Services to Insureds, but it shall have no obligation to do so.

XVII. Coordination of This Policy's Benefits With Other Benefits

This Coordination of Benefits (COB) provision applies when an Insured has health care coverage under more than one (1) Contract. Contract is defined below.

The Order of Benefit Determination Rules govern the order in which each Contract will pay a claim for benefits. The Contract that pays first is called the Primary Contract. The Primary Contract must pay benefits in accordance with its policy terms without regard to the possibility that another Contract may cover some expenses. The Contract that pays after the Primary Contract is the Secondary Contract. The Secondary Contract may reduce the benefits it pays so that payments from all Contracts does not exceed one hundred percent (100%) of the total Allowable Expenses.

A. Definitions

1. A Contract is any of the following that provides benefits or services for medical or dental care or treatment. If separate Contracts are used to provide coordinated coverage for members of a group, the separate Contracts are considered parts of the same Contract and there is no COB among those separate contracts.
 - a) Contract includes: group and non-group insurance contracts, health maintenance organization (HMO) contracts, Closed Panel Plans or other forms of group or group type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - b) Contract does not include: hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefit for non-medical components of long-term care policies; Medicare supplement policies; Medicare or any other federal governmental plans, unless permitted by law.

Each Contract for coverage under a) or b) is a separate Contract. If a Contract has two (2) parts and COB rules apply only to one (1) of the two (2), each of the parts is treated as a separate Contract.

2. This Contract means, in a COB provision, the part of the Contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Contracts. Any other part of the Contract providing health care benefits is separate from this plan. A Contract may apply one (1) COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, any may apply under COB provision to coordinate other benefits.
3. The Order of Benefit Determination Rules determine whether This Contract is a Primary Contract or Secondary Contract when the Insured has health care coverage under more than one (1) Contract. When This Contract is primary, it determines payment for its benefits first before those of any other Contract without considering any other Contract's benefits. When This Contract is secondary, it determines its benefits after those of another Contract and may reduce the benefits it pays so that all Contract benefits do not exceed one hundred percent (100%) of the total Allowable Expense.
4. Allowable Expense is a health care expense, including Deductibles, Coinsurance and Copayments, that is covered at least in part by any Contract covering the Insured. When a

Contract provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Contract covering the Insured is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable Expense.

The following are examples of expenses that are not Allowable Expenses:

- a) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable Expense, unless one of the Contracts provides coverage for private hospital room expenses.
 - b) If an Insured is covered by two (2) or more Contracts that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology, or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 - c) If an Insured is covered by two (2) or more Contracts that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 - d) If an Insured is covered by one (1) Contract that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Contract that provides its benefits or services on the basis of negotiated fees, the Primary Contract's payment arrangement shall be the Allowable Expense for all Contracts. However, if the provider has contracted with the Secondary Contract to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Contract's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Contract to determine its benefits.
 - e) The amount of any benefit reduction by the Primary Contract because a covered person has failed to comply with the Contract provisions is not an Allowable Expense. Examples of these types of Contract provisions include second surgical opinions, pre-certificate of admissions, and preferred provider arrangements.
5. Closed Panel Plan is a Contract that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Group, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
 6. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

B. Order Of Benefit Determination Rules

When an Insured is covered by two (2) or more Contracts, the rules for determining the order of benefit payments are as follows:

1. The Primary Contract pays or provides its benefits according to its terms of coverage and without regard to the benefits of any other Contract.
2. a) Except as provided in Paragraph 2.b) below, a Contract that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Contracts state that the complying Contract is primary.

- b) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Contract provided by the Contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.
- 3. A Contract may consider the benefits paid or provided by another Contract in calculating payment of its benefits only when it is secondary to that other Contract.
- 4. Each Contract determines its order of benefits using the first of the following rules that apply:
 - a) Non-Dependent or Dependent. The Contract that covers the Insured other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Contract and the Contract that covers the Insured as a dependent is the Secondary Contract. However, if the Insured is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Contract covering the Insured as a dependent; and primary to the Contract covering the Insured as other than a dependent (e.g. a retired employee); then the order of benefits between the two Contracts is reversed so that the Contract covering the Insured as an employee, member, policyholder, subscriber or retiree is the Secondary Contract and the other Contract is the Primary Contract.
 - b) Dependent Child Covered Under More Than One Contract. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Contract the order of benefits is determined as follows:
 - (1) For a dependent child whose parents are married or are living together, whether or not they have ever been married: The Contract of the parent whose birthday falls earlier in the calendar year is the Primary Contract; or If both parents have the same birthday, the Contract that has covered the parent the longest is the Primary Contract.
 - (2) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - i. If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Contract of that parent has actual knowledge of those terms, that Contract is primary. This rule applies to Contract year commencing after the Contract is given notice of the court decree;
 - ii. If a court decree states both parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage, the provisions of Subparagraph (1) above shall determine the order of benefits;
 - iii. If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of Subparagraph (1) shall determine the order of benefits; or
 - iv. If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - 1. The Contract covering the Custodial Parent;
 - 2. The Contract covering the spouse of the Custodial Parent;
 - 3. The Contract covering the non-Custodial Parent; and then
 - 4. The Contract covering the spouse of the non-Custodial Parent.

For a dependent child covered under more than one Contract of individuals who are not the parents of the child, the provisions of Subparagraph (1) or (2) above shall determine the order of benefits as if those individuals were the parents of the child.

- c) **Active Employee or Retired or Laid-off Employee.** The Contract that covers an Insured as an active employee, that is, an employee who is neither laid off nor retired, is the Primary Contract. The Contract covering that same Insured as a retired or laid-off employee is the Secondary Contract. The same would hold true if an Insured is a dependent of an active employee and that same Insured is a dependent of a retired or laid-off employee. If the other Contract does not have this rule, and as a result, the Contracts do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4.a) can determine the order of benefits.
- d) **COBRA or State Continuation Coverage.** If an Insured whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Contract, the Contract covering the Insured as an employee, member, subscriber or retiree or covering the Insured as a dependent of an employee, member, subscriber or retiree is the Primary Contract and the COBRA or state or other federal continuation coverage is the Secondary Contract. If the other Contract does not have this rule, and as a result, the Contracts do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 4.a) can determine the order of benefits.
- e) **Longer or Shorter Length of Coverage.** The Contract that covered the Insured as an employee, member, policyholder, subscriber, or retiree longer is the Primary Contract and the Contract that covered the Insured the shorter period of time is the Secondary Contract.
- f) If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Contracts meeting the definition of Contract. In addition, This Contract will not pay more than it would have paid had it been the Primary Contract.

C. Effect On The Benefits Of This Contract

- 1. When This Contract is secondary, it may reduce its benefits so that the total benefits paid or provided by all Contracts during a Contract year are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Contract will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Contract that is unpaid by the Primary Contract. The Secondary Contract may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Contract, the total benefits paid or provided by all Contracts for the claim do not exceed the total Allowable Expenses for that claim. In addition, the Secondary Contract shall credit to its Contract deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- 2. If a covered person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Contract and other Closed Panel Plans.

D. Facility Of Payment

A payment made under another Contract may include an amount that should have been paid under This Contract. If it does, BCI may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Contract. BCI will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

E. Right Of Recovery

If the amount of the payments made by BCI is more than it should have paid under this COB provision, it may recover the excess from one or more of the Insureds it has paid or for whom it has paid; or any other Insured or organization that may be responsible for the benefits or services provided for the covered Insured. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

XVIII. Benefits for Medicare Eligibles Who are Covered Under This Policy

- A.** If the Group has twenty (20) or more employees, any Eligible Employee or spouse of an Eligible Employee who becomes or remains an Insured of the Group covered by this Policy after becoming eligible for Medicare (due to reaching age sixty-five (65)) is entitled to receive the benefits of this Policy as primary.
- B.** If the Group has one hundred (100) or more employees or the Group is an organization which includes an employer with one hundred (100) or more employees, any Eligible Employee, spouse of an Eligible Employee or dependent child of an Eligible Employee who becomes or remains an Insured of the Group covered by this Policy after becoming eligible for Medicare due to disability is entitled to receive the benefits of this Policy as primary.
- C.** An Insured eligible for Medicare based solely on end stage renal Disease is entitled to receive the benefits of this Policy as primary for eighteen (18) months only, beginning with the month of Medicare entitlement, if Medicare entitlement is effective before March 1, 1996. If Medicare entitlement is effective on or after March 1, 1996, the Insured is entitled to receive the benefits of this Policy as primary for thirty (30) months only, beginning with the month of Medicare entitlement.
- D.** The Group's retirees, if covered under this Policy, and Eligible Retirees or spouses of Eligible Retirees who are not subject to paragraphs A., B. or C. of this provision and who are Medicare eligible, will receive the benefits of this Policy reduced by any benefits available under Medicare. This applies even if the Insured fails to enroll in Medicare or does not claim the benefits available under Medicare.
- E.** If an Insured receives Covered Services from a Provider who has opted out of Medicare, based on the Medicare Beneficiary Freedom to Contract Act, and the Insured has entered into a private contract with the Provider, this Policy will remain secondary and pay benefits as if Medicare had made a payment.

XIX. Indemnity by the Group and Blue Cross of Idaho

Anything contained in this Policy notwithstanding, including any limitation on damages, the Group and BCI agree to defend, indemnify and hold harmless the other from and against any claim, demand, expense, loss, damage, cost, judgment, fee or liability the other receives, incurs or sustains that is caused by or arises out of any negligent act or omission of the indemnifying party related to this Policy. The indemnification obligation of the Group is subject to the limitations of the Idaho Tort Claims Act, including dollar amounts.

XX. Incorporated by Reference

All of the terms, limitations and exclusions of coverage contained in this Policy are incorporated by reference into all sections, endorsements, riders, and amendments and are as effective as if fully expressed in each one unless specifically noted to the contrary.

XXI. Inquiry and Appeals Procedures

A. Informal Inquiry

For any initial questions concerning a claim, an Insured should call or write BCI's Customer Service Department. BCI's phone numbers and addresses are listed on the Explanation of Benefits (EOB).

B. Formal Appeal

An Insured who wishes to formally appeal a Pre-Service Claim decision by BCI may do so through the following process:

1. A written appeal must be sent to the Appeals and Grievance Coordinator within one hundred eighty (180) days after receipt of the notice of Adverse Benefit Determination. Urgent claim

appeals, and the documents in support of such appeals may be submitted by phone or facsimile. The appeal should set forth the reasons why the Insured contends BCI's decision was incorrect. Any written comments, documents or other relevant information may be submitted with the appeal.

2. After receipt of the appeal, all facts, including those originally used in making the initial decision and any additional information that is sent or that is otherwise relevant, will be reviewed by a BCI Medical Director or physician designee. For non-urgent claim appeals, BCI will mail a written reply to the Insured within fifteen (15) days after receipt of the written appeal. Urgent claim appeals will be notified orally within seventy-two (72) hours. If the original decision is upheld, the reply will state the specific reasons for denial and the specific provisions on which the decision is based. Each appeal will be processed as quickly as possible taking into account the medical exigencies of each claim.
3. Furthermore, the Insured or their authorized representative has the right to reasonable access to, and copies of all documents, records, and other information that are relevant to the appeal.
4. If the original, non-urgent claim decision is upheld upon reconsideration, the Insured may send an additional written appeal to the Appeals and Grievance Coordinator requesting further review. This appeal must set forth the reasons for requesting additional reconsideration and must be sent within thirty (30) days of BCI's mailing of the initial reconsideration decision. A BCI Medical Director who is not subordinate to the Medical Director or physician designee who decided the initial appeal, will issue a final decision after consideration of all relevant information. A final decision on the appeal will be made within fifteen (15) days of its receipt.

C. An Insured who wishes to formally appeal a Post-Service Claims decision by BCI may do so through the following process:

1. A written appeal must be sent to the Appeals and Grievance Coordinator within one hundred eighty (180) days after receipt of the notice of Adverse Benefit Determination. This written appeal should set forth the reasons why the Insured contends BCI's decision was incorrect. Any written comments, documents or other relevant information may be submitted with the appeal.
2. After receipt of the written appeal, all facts, including those originally used in making the initial decision and any additional information that is sent or that is otherwise relevant, will be reviewed by a BCI Medical Director, or physician designee if the appeal requires medical judgment. BCI shall mail a written reply to the Insured within thirty (30) days after receipt of the written appeal. If the original decision is upheld, the reply will list the specific reasons for denial and the specific provisions on which the decision is based. Each appeal will be processed as quickly as possible.
3. Furthermore, the Insured or their authorized representative has the right to reasonable access to, and copies of all documents, records, and other information that are relevant to the appeal.
4. If the original decision is upheld upon reconsideration, the Insured may send an additional written appeal to the Appeals and Grievance Coordinator requesting *further review*. This appeal must set forth the reasons for requesting additional reconsideration and must be sent within sixty (60) days of BCI's mailing of the initial reconsideration decision. A BCI Medical Director who is not subordinate to the Medical Director or physician designee who decided the initial appeal, will issue a final decision after consideration of all relevant information, if the appeal requires medical judgment. A final decision on the appeal will be made within thirty (30) days of its receipt. If the appeal does not require medical judgment, a BCI Vice President who did not decide the initial appeal will issue the decision.

D. Insured's Rights to an Independent External Review

Please read this carefully. It describes a procedure for review of a disputed health claim by a qualified professional who has no affiliation with BCI. If an Insured or their authorized representative requests an independent external review of a claim, the decision made by the independent reviewer will be binding and final on BCI. The Insured or their authorized representative will have the right to further review the claim by a court, arbitrator, mediator or other dispute resolution entity only if your plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as more fully explained below under "Binding Nature of the External Review Decision."

If BCI issues a final Adverse Benefit Determination of an Insured's request to provide or pay for a health care service or supply, an Insured may have the right to have BCI's decision reviewed by health care professionals who have no association with BCI. An Insured has this right only if BCI's denial decision involved:

- The Medical Necessity, appropriateness, health care setting, level of care, or effectiveness of an Insured's health care service or supply, or
- BCI's determination that an Insured's health care service or supply was Investigational.

An Insured must first exhaust BCI's internal grievance and appeal process. Exhaustion of that process includes completing all levels of appeal. Exhaustion of the appeals process is not required if BCI failed to respond to a standard appeal within thirty-five (35) days in writing or to an urgent appeal within three business days of the date the Insured filed the appeal, unless the Insured requested or agreed to a delay. BCI may also agree to waive the exhaustion requirement for an external review request. The Insured may file for an internal urgent appeal with BCI and for an expedited external review with the Idaho Department of Insurance at the same time if the Insured's request qualifies as an "urgent care request" defined below.

An Insured may submit a written request for an external review to:

Idaho Department of Insurance
ATTN: External Review
700 W State St, 3rd Floor
Boise ID 83720-0043

For more information and for an external review request form:

- See the department's web site, www.doi.idaho.gov, or
- Call the department's telephone number, (208) 334-4250, or toll-free in Idaho, 1-800-721-3272.

An Insured may act as their own representative in a request or an Insured may name another person, including an Insured's treating health care provider, to act as an authorized representative for a request. If an Insured wants someone else to represent them, an Insured must include a signed "Appointment of an Authorized Representative" form with the request. An Insured's written external review request to the Department of Insurance must include a completed form authorizing the release of any medical records the independent review organization may require to reach a decision on the external review, including any judicial review of the external review decision pursuant to ERISA, if applicable. The department will not act on an external review request without an Insured's completed authorization form. If the request qualifies for external review, BCI's final Adverse Benefit Determination will be reviewed by an independent review organization selected by the Department of Insurance. BCI will pay the costs of the review.

Standard External Review Request: An Insured must file a written external review request with the Department of Insurance within four (4) months after the date BCI issues a final notice of denial.

1. Within seven (7) days after the Department of Insurance receives the request, the Department of Insurance will send a copy to BCI.
2. Within fourteen (14) days after BCI receives the request from the Department of Insurance, we will review the request for eligibility. Within five (5) business days after BCI completes that review, we will notify the Insured and the Department of Insurance in writing if the request is eligible or what additional information is needed. If BCI denies the eligibility for review, the Insured may appeal that determination to the Department.
3. If the request is eligible for review, the Department of Insurance will assign an independent review organization to your review within seven (7) days of receipt of BCI's notice. The Department of Insurance will also notify the Insured in writing.
4. Within seven (7) days of the date you receive the Department of Insurance's notice of assignment to an independent review organization, The Insured may submit any additional

information in writing to the independent review organization that they want the organization to consider in its review.

5. The independent review organization must provide written notice of its decision to the Insured, BCI and to the Department of Insurance within forty-two (42) days after receipt of an external review request.

Expedited External Review Request: An Insured may file a written “urgent care request” with the Department of Insurance for an expedited external review of a pre-service or concurrent service denial.

The Insured may file for an internal urgent appeal with BCI and for an expedited external review with the Idaho Department of Insurance at the same time.

“Urgent care request” means a claim relating to an admission, availability of care, continued stay or health care service for which the covered person received emergency services but has not been discharged from a facility, or any Pre-Service Claim or concurrent care claim for medical care or treatment for which application of the time periods for making a regular external review determination:

1. Could seriously jeopardize the life or health of the Insured or the ability of the Insured to regain maximum function;
2. In the opinion of the Provider with knowledge of the covered person’s medical condition, would subject the Insured to severe pain that cannot be adequately managed without the disputed care or treatment; or
3. The treatment would be significantly less effective if not promptly initiated.

The Department of Insurance will send your request to us. BCI will determine, no later than the second (2nd) full business day, if the request is eligible for review. BCI will notify the Insured and the Department of Insurance no later than one (1) business day after BCI’s decision if the request is eligible. If BCI denies the eligibility for review, the Insured may appeal that determination to the Department of Insurance. If the request is eligible for review, the Department of Insurance will assign an independent review organization to the review upon receipt of BCI’s notice. The Department of Insurance will also notify the Insured. The independent review organization must provide notice of its decision to the Insured, BCI and to the Department of Insurance within seventy-two (72) hours after the date of receipt of the external review request. The independent review organization must provide written confirmation of its decision within forty-eight (48) hours of notice of its decision. If the decision reverses BCI’s denial, BCI will notify the Insured and the Department of Insurance of BCI’s intent to pay for the covered benefit as soon as reasonably practicable, but not later than one (1) business day after receiving notice of the decision.

Binding Nature of the External Review Decision:

If the Group is subject to the federal Employee Retirement Income Security Act (ERISA) laws (generally, any plan offered through an employer to its employees), the external review decision by the independent review organization will be final and binding on BCI. The Insured may have additional review rights provided under federal ERISA laws.

If the Group is not subject to ERISA requirements, the external review decision by the independent review organization will be final and binding on both BCI and the Insured. **This means that if the Insured elects to request external review, the Insured will be bound by the decision of the independent review organization. The Insured will not have any further opportunity for review of BCI’s denial after the independent review organization issues its final decision.** If the Insured chooses not to use the external review process, other options for resolving a disputed claim may include mediation, arbitration or filing an action in court.

Under Idaho law, the independent review organization is immune from any claim relating to its opinion rendered or acts or omissions performed within the scope of its duties unless performed in bad faith or involving gross negligence.

XXII. Plan Administrator—COBRA

BCI is not the plan administrator for compliance with the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) and any amendments to it. Except for services BCI has agreed to perform regarding COBRA, the Group is responsible for satisfaction of notice, disclosure, and other obligations if these laws are applicable to the Group.

XXIII. Reimbursement of Benefits Paid by Mistake

If BCI mistakenly makes payment for benefits on behalf of an Enrollee or his or her Eligible Dependent(s) that the Enrollee or his or her Eligible Dependent(s) is not entitled to under this Policy, the Enrollee must reimburse the erroneous payment to BCI.

The reimbursement is due and payable as soon as BCI notifies the Enrollee and requests reimbursement. BCI may also recover such erroneous payment from any other person or Provider to whom the payments were made. If reimbursement is not made in a timely manner, BCI may reduce benefits or reduce an allowance for benefits as a set-off toward reimbursement.

Even though BCI may elect to continue to provide benefits after mistakenly paying benefits, BCI may still enforce this provision. This provision is in addition to, not instead of, any other remedy BCI may have at law or in equity.

XXIV. Subrogation and Reimbursement Rights and Obligations of Blue Cross of Idaho

The benefits of this Policy will be available to an Insured when he or she is injured, suffers harm or incurs loss due to any act, omission, or defective or unreasonably hazardous product or service of another person, firm, corporation or entity (hereinafter referred to as “third party”). To the extent that such benefits for Covered Services are provided or paid for by Blue Cross of Idaho under this Policy or any other Blue Cross of Idaho plan, agreement, certificate, contract or policy, Blue Cross of Idaho shall be subrogated and succeed to the rights of the Insured or, in the event of the Insured’s death, to the rights of his or her heirs, estate, and/or personal representative.

As a condition of receiving benefits for Covered Services in such an event, the Insured or his or her personal representative shall furnish Blue Cross of Idaho in writing with the names and addresses of the third party or parties that caused or are responsible, or may have caused or may be responsible for such injury, harm or loss, and all facts and information known to the Insured or his or her personal representative concerning the injury, harm or loss.

Blue Cross of Idaho may at its option elect to enforce either or both of its rights of subrogation and reimbursement.

Subrogation is taking over the Insured’s right to receive payments from other parties. The Insured or his or her legal representative will transfer to Blue Cross of Idaho any rights he or she may have to take legal action arising from the injury, harm or loss to recover any sums paid on behalf of the Insured. Thus, Blue Cross of Idaho may initiate litigation at its sole discretion, in the name of the Insured, against any third party or parties. Furthermore, the Insured shall fully cooperate with Blue Cross of Idaho in its investigation, evaluation, litigation and/or collection efforts in connection with the injury, harm or loss and shall do nothing whatsoever to prejudice Blue Cross of Idaho’s subrogation rights and efforts. Blue Cross of Idaho will be reimbursed in full for all benefits paid even if the Insured is not made whole or fully compensated by the recovery. Moreover, Blue Cross of Idaho is not responsible for any attorney’s fees or other expenses or costs incurred by the Insured without prior written consent of Blue Cross of Idaho and, therefore, the “common fund” doctrine does not apply to any amounts recovered by any attorney the Insured hires regardless of whether amounts recovered are used to repay benefits paid by Blue Cross of Idaho, or otherwise.

Additionally, Blue Cross of Idaho may at its option elect to enforce its right of reimbursement from the Insured, or his or her legal representative, of any benefits paid from monies recovered as a result of the injury, harm or loss. The Insured shall fully cooperate with Blue Cross of Idaho in its investigation, evaluation, litigation and/or collection efforts in connection with the injury, harm or loss and shall do nothing whatsoever to prejudice Blue Cross of Idaho’s reimbursement rights and efforts.

The Insured shall pay Blue Cross of Idaho as the first priority, and Blue Cross of Idaho shall have a constructive trust and an equitable lien on, all amounts from any recovery by suit, settlement or otherwise from

any third party or parties or from any third party's or parties' insurer(s), indemnitor(s) or underwriter(s), to the extent of benefits provided by Blue Cross of Idaho under this Policy, regardless of how the recovery is allocated (*i.e.*, pain and suffering) and whether the recovery makes the Insured whole. Thus, Blue Cross of Idaho will be reimbursed by the Insured, or his or her legal representative, from monies recovered as a result of the injury, harm or loss, for all benefits paid even if the Insured is not made whole or fully compensated by the recovery. Moreover, Blue Cross of Idaho is not responsible for any attorney's fees or other expenses or costs incurred by the Insured without prior written consent of Blue Cross of Idaho and, therefore, the "common fund" doctrine does not apply to any amounts recovered by any attorney the Insured hires regardless of whether amounts recovered are used to repay benefits paid by Blue Cross of Idaho, or otherwise.

To the extent that Blue Cross of Idaho provides or pays benefits for Covered Services, Blue Cross of Idaho's rights of subrogation and reimbursement extend to any right the Insured has to recover from the Insured's insurer, or under the Insured's "Medical Payments" coverage or any "Uninsured Motorist," "Underinsured Motorist," or other similar coverage provisions, and workers' compensation benefits.

Blue Cross of Idaho shall have the right, at its option, to seek reimbursement from, or enforce its right of subrogation against, the Insured, the Insured's personal representative, a special needs trust, or any trust, person or vehicle that holds any payment or recovery from or on behalf of the Insured including the Insured's attorney.

Blue Cross of Idaho's subrogation and reimbursement rights shall take priority over the Insured's rights both for expenses already incurred and paid by Blue Cross of Idaho for Covered Services, and for benefits to be provided or payments to be made by Blue Cross of Idaho in the future on account of the injury, harm or loss giving rise to Blue Cross of Idaho's subrogation and reimbursement rights. Further, Blue Cross of Idaho's subrogation and reimbursement rights for incurred expenses and/or future expenses yet to be incurred are primary and take precedence over the rights of the Insured, even if there are deficiencies in any recovery or insufficient financial resources available to the third party or parties to totally satisfy all of the claims and judgments of the Insured and Blue Cross of Idaho.

Collections or recoveries made in excess of such incurred Blue Cross of Idaho expenses shall first be allocated to such future Blue Cross of Idaho expenses, and shall constitute a special Deductible applicable to such future benefits and services under this or any subsequent Blue Cross of Idaho policy. Thereafter, Blue Cross of Idaho shall have no obligation to make any further payment or provide any further benefits until the benefits equal to the special Deductible have been incurred, delivered, and paid by the Insured.

XXV. Independent Blue Cross and Blue Shield Plans

The Group (on behalf of itself and its participants), hereby expressly acknowledges its understanding this Policy constitutes a contract solely between the Group and BCI, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the "Association"), permitting BCI to use the Blue Cross and Blue Shield Service Marks in the state of Idaho, and that BCI is not contracting as the agent of the Association. The Group, on behalf of itself and its participants, further acknowledges and agrees that it has not entered into this Policy based upon representations by any person, entity, or organization other than BCI and that no person, entity, or organization other than BCI shall be held accountable or liable to the Group for any of BCI's obligations to the Group created under this Policy. This paragraph shall not create any additional obligations whatsoever on the part of BCI other than those obligations created under other provisions of this Policy or by applicable law.

XXVI. Statements

In the absence of fraud, all statements made by an applicant, or the policyholder, or by an enrolled person shall be deemed representations and not warranties, and no statement made for the purpose of acquiring insurance shall void such insurance or reduce benefits unless contained in a written instrument signed by the policyholder or the enrolled person.

XXVII. Membership, Voting, Annual Meeting and Participation

The Group, as the policyholder, is a member of BCI and is entitled to vote in person or by proxy at the meetings of policyholders. The Group shall designate to BCI in writing the person who has the right to vote in person or by proxy on behalf of the Group. The annual meeting of policyholders of BCI is held on the last Friday of April of each year at 2:00 p.m., at the corporation's registered office, 3000 East Pine Avenue, Meridian, Idaho. This notice shall be sufficient as to notification of such annual meetings. If any dividends are distributed, the policyholders shall share in them according to the articles of incorporation and bylaws of BCI and under the conditions set by the board of directors of BCI.

XXVIII. Out-of-Area Services

Blue Cross of Idaho (BCI) has a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." Whenever Enrollees access healthcare services outside the geographic area BCI serves, the claim for those services may be processed through one of these Inter-Plan Programs and presented to BCI for payment in accordance with the rules of the Inter-Plan Programs policies then in effect. The Inter-Plan Programs available to Enrollees under this Policy are described generally below.

Typically, Enrollees, when accessing care outside the geographic area BCI serves, obtain care from healthcare Providers that have a contractual agreement (i.e., are "participating Providers") with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, Enrollees may obtain care from non-participating healthcare Providers. BCI payment practices in both instances are described below.

A. BlueCard® Program

Under the BlueCard® Program, when Enrollees access covered healthcare services within the geographic area served by a Host Blue, BCI will remain responsible to the Group for fulfilling BCI contractual obligations. However, in accordance with applicable Inter-Plan Programs policies then in effect, the Host Blue will be responsible for providing such services as contracting and handling substantially all interactions with its participating healthcare Providers. The financial terms of the BlueCard Program are described generally below. Individual circumstances may arise that are not directly covered by this description; however, in those instances, our action will be consistent with the spirit of this description.

Liability Calculation Method Per Claim

The calculation of the Enrollee liability on claims for covered healthcare services processed through the BlueCard Program will be based on the lower of the participating healthcare Provider's billed covered charges or the negotiated price made available to BCI by the Host Blue.

Host Blues may use various methods to determine a negotiated price, depending on the terms of each Host Blue's healthcare Provider contracts. The negotiated price made available to BCI by the Host Blue may represent a payment negotiated by a Host Blue with a healthcare Provider that is one of the following:

- (i) an actual price. An actual price is a negotiated payment without any other increases or decreases, or
- (ii) an estimated price. An estimated price is a negotiated payment reduced or increased by a percentage to take into account certain payments negotiated with the Provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, Provider refunds not applied on a claim-specific basis, retrospective settlements, and performance-related bonuses or incentives; or
- (iii) an average price. An average price is a percentage of billed covered charges representing the aggregate payments negotiated by the Host Blue with all of its healthcare Providers or a similar classification of its Providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

Host Blues using either an estimated price or an average price may, in accordance with Inter-Plan Programs policies, prospectively increase or reduce such prices to correct for over- or underestimation of past prices (i.e., prospective adjustments may mean that a current price reflects additional amounts or credits for claims already paid to Providers or anticipated to be paid to or received from Providers). However, the amount paid by the Enrollee is a final price; no future price adjustment will result in

increases or decreases to the pricing of past claims. The BlueCard Program requires that the price submitted by a Host Blue to BCI is a final price irrespective of any future adjustments based on the use of estimated or average pricing.

A small number of states require a Host Blue either (i) to use a basis for determining Enrollee liability for covered healthcare services that does not reflect the entire savings realized, or expected to be realized, on a particular claim or (ii) to add a surcharge. Should the state in which healthcare services are accessed mandate liability calculation methods that differ from the negotiated price methodology or require a surcharge, BCI would then calculate Enrollee liability in accordance with applicable law.

Return of Overpayments

Under the BlueCard Program, recoveries from a Host Blue or its participating healthcare Providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, healthcare Provider/hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. In some cases, the Host Blue will engage a third party to assist in identification or collection of recovery amounts. The fees of such a third party may be netted against the recovery. Recovery amounts determined in this way will be applied in accordance with applicable Inter-Plan Programs policies, which generally require correction on a claim-by-claim or prospective basis.

B. Non-Participating Healthcare Providers Outside BCI Service Area

Please refer to the Additional Amount of Payment Provisions section in this Policy.

XXIX. Replacement Coverage

If this Policy replaces prior Group coverage within sixty (60) days of the date of termination of prior coverage, BCI shall immediately cover all employees and dependents validly covered under the prior coverage at the date of termination who meet the Group's eligibility requirements and who would otherwise be eligible for coverage under this Policy, regardless of any exclusions or limitations relating to active employment or nonconfinement.

The previous paragraph is subject to all other provisions of Idaho Code Section 41-2215, including BCI's right to deduct from any benefits becoming payable under this Policy the amount of benefits under the prior Group coverage pursuant to an extension of benefits provision for Insureds who are Totally Disabled.

XXX. Individual Benefits Management

Individual Benefits Management allows BCI to provide alternative benefits in place of specified Covered Services when alternative benefits allow the Insured to achieve optimum health care in the most cost-effective way.

The decision to allow alternative benefits will be made by BCI in its sole and absolute discretion on a case-by-case basis. BCI may allow alternative benefits in place of specified Covered Services when an Insured, or the Insured's legal guardian and his or her Physician concur in the request for and the advisability of alternative benefits. BCI reserves the right to modify, limit, or cease providing alternative benefits at any time.

A determination to cover alternative benefits for an Insured shall not be deemed to waive, alter, or affect BCI's right to reject any other requests or recommendations for alternative benefits.

XXXI. Coverage and Benefits Determination

BCI is vested with authority and discretion to determine whether a claim for benefits is covered under the terms of this Policy, based on all the terms and provisions set forth in this Policy, and also to determine the amount of benefits owed on claims which are covered.

XXXII. Health Care Providers Outside the United States

The benefits available under this Policy are also available to Insureds traveling or living outside the United States. The Inpatient Notification and Prior Authorization requirements will apply. If the Provider is a Contracting Provider with BlueCard, the Contracting Provider will submit claims for reimbursement on behalf of the Insured. Reimbursement for Covered Services will be made directly to the Contracting Provider. If the Health Care Provider does not participate with BlueCard, the Insured will be responsible for payment of services and submitting a claim for reimbursement to BCI. BCI will require the original claim along with an English translation. It is the Insured's responsibility to provide this information.

BCI will reimburse covered Prescription Drugs purchased outside the United States by Insureds who live outside the United States where no suitable alternative exists. Reimbursement will also be made in instances where Insureds are traveling and new drug therapy is initiated for acute conditions or where emergency replacement of drugs originally prescribed and purchased in the United States is necessary. The reimbursable supply of drugs in travel situations will be limited to an amount necessary to assure continuation of therapy during the travel period and for a reasonable period thereafter.

Finally, there are no benefits for services, supplies, drugs or other charges that are provided outside the United States, which if had been provided in the United States, would not be a Covered Service under this Policy.

XXXIII. Summaries of Benefits and Coverage

BCI shall timely prepare (and update) Summaries of Benefits and Coverage (SBC) for the Policy(s) as required by Section 2715 of the Public Health Service Act (PHSA). The SBC(s) will be provided by BCI in an electronic format to the Group for distribution to its employees, dependents, retirees and COBRA eligible Insureds if applicable.

The Group shall provide all necessary benefit plan information in a timely manner to BCI for the preparation of the Group's SBC(s). The SBC(s) will be distributed to its employees, dependents, retirees and COBRA eligible Insureds if applicable by the Group in compliance with requirements of Section 2715 of the PHSA.

In witness whereof, BLUE CROSS OF IDAHO HEALTH SERVICE, INC., by its duly authorized officer, has executed this Policy.
