FY2021 Plan Information Highlights

For plan year July 1, 2020 - June 30, 2021

For the coming plan year, the state's health plan will continue to offer employees choice in the plan design that best meets their needs while enhancing the covered services and plan structures. Summaries of Benefits and Coverage (SBCs) and medical and dental premium rates are posted on the OGI website, <https://ogi.idaho.gov>. Full plan contracts will be posted to the website as soon as possible.

FOR ALL ACTIVE MEDICAL PLANS:

- **In-Network VSP Vision Benefits**
Lower exam copay and higher allowance for frames when you see an in-network VSP provider. Access the searchable provider list on the VSP website to find a provider near you. If you choose to see an out-of-network provider, you will still receive the same reimbursement for exams, lenses and frames as in previous contract years.
- **New PBM, IngenioRx, to provide all the plan's pharmacy management needs.**
CVS Caremark had previously provided this service. New member ID cards will be mailed to all members at the beginning of the plan year to reflect this change.
- **Nurse Advice Line available 24/7/365 at no charge to members.**

PPO PLAN UPDATES (For Active & Retiree Plans)

- **ChoiceDocs Network of Providers**
Reduce your copay by selecting a doctor or specialist in the ChoiceDocs network. Access the searchable provider list on the Blue Cross of Idaho member portal, members.bcidaho.com, to find a ChoiceDoc.

DENTAL BENEFIT CHANGES

- Dental cleanings updated to two (2) per year instead of one (1) every six (6) months to make it even easier to get your dental cleanings and exams done.

FLEXIBLE SPENDING ACCOUNTS (FSA)

- Medical FSA limits have been increased to match the federal contribution maximum, \$2,750.
