Regence BlueShield of Idaho Contract

This Contract, including the Group's application, the Booklet and any amendments, endorsements or riders, any enhanced services, support, and access reflected on the Group's billing statement, and any subsequent renewals thereof is the entire understanding between the Group and Regence BlueShield of Idaho concerning the subject matter of this Contract. It states all the terms of the coverage and supersedes and cancels all and any prior contracts issued to the Group by Us. No modifications of or additions to this Contract will be binding upon Us unless set forth in an amendment, endorsement or rider issued by Us and signed by one of Our authorized officers.

NON-GRANDFATHERED

This coverage is a "non-grandfathered health plan" under the Patient Protection and Affordable Care Act (PPACA).

GROUP ELIGIBILITY

The Group must continuously satisfy the requirements of this section, this Contract and the Group's application in order to become enrolled and remain enrolled under this Contract.

Group Qualification

In order to qualify as an employer and to maintain eligibility for this employer health insurance Contract, the Group must be a person (including sole proprietors or self-employed individuals), firm, corporation (including Limited Liability Corporations, or LLCs), partnership (including Limited Liability Partnerships (LLPs)), association or trust, labor union or political subdivision that, on at least 50 percent of its working days during the preceding calendar year, employed no less than 101 eligible employees, the majority of whom were employed within this state. In determining the number of eligible employees, companies that are affiliated companies or that are eligible to file a combined tax return for the purpose of state taxation, shall be considered one employer. In order to be eligible, a Group must:

- accept billing on a consolidated basis and collect any required employee premium contributions via payroll deductions;
- be actively engaged in legal business activity;
- be licensed to conduct business in the state and obtain other business licenses as required by law;
- provide workers' compensation insurance to all employees legally required to be so insured; and
- have a status as a legal entity with authority to contract for health insurance coverage and not be formed primarily for purposes of buying health insurance.

Employer Premium Contribution and Employee and Dependent Participation

Coverage under this Contract is contingent upon the Group satisfying all eligibility, participation, Group size, premium contribution and other requirements as specified in the Group's application. Note that when calculating the participation requirements, We count only eligible employees who are not already covered by existing qualifying coverage.

Replacement

In the event this Contract replaces within 60 days, the Group's previous coverage which was discontinued by the preceding carrier, We shall immediately cover all employees and dependents who were covered under the previous coverage on the date of discontinuance and who meet the definition of an employee and dependent and who would otherwise be eligible to enroll under the previous coverage, regardless of any limitations or exclusions relating to active employment or nonconfinement.

MEMBER ELIGIBILITY

The following sections describe employee and dependent eligibility under this Contract. The Group agrees that We have the right to examine employee records for purposes of confirming any Member's employment status.

RETIREE ELIGIBILITY

A retiree of the Group can enroll as an eligible retiree under this Contract, if the individual:

- retires from employment with the Group; and
- is classified by the Group as a retiree of the Group for the purpose of eligibility for coverage under the group health plan.

DEPENDENT ELIGIBILITY

Dependent eligibility is described within the Group Application.

TERM, MODIFICATION, TERMINATION

Term

This Contract goes into effect on July 1, 2024. This is the Contract Effective Date. The date this Contract is renewed is the Renewal Date. The Renewal Date is July 1 of each year. The Contract will remain in effect from one Renewal Date to the next unless otherwise terminated as described in the "renewal and termination" provision.

Modification

We have the right to modify or amend any provision of this Contract, including premium rates, on any Renewal Date by giving the Group at least 30 days (or longer, as required by law) advance written notice. No modification or amendment will be effective until at least 30 days after such advance notice has been given. Any modification will be uniform within the product line and at the time of renewal.

However, when a change in the Contract is beyond Our control (for example, legislative or regulatory changes take place, the Group size increases or decreases by ten or more percent or the Group initiates a benefit change), We may modify or amend the Contract on a date other than the Renewal Date, including changing the premium rates, as of the date of the change in the Contract. We will give the Group prior notice of a change in premium rates when feasible. If prior notice is not feasible, We will notify the Group in writing of a change of premium rates within 30 days after:

- the later of the effective date or the date of Our implementation of a statute or regulation;
- the Premium Due Date following Our knowledge of a Group size change of ten percent or more; or
- reaching agreement with the Group on a Group-initiated benefit change.

Provided We give notice of a change in premium rates within the above period, the change in premium rates shall be effective from the date for which the change in the Contract is implemented, which may be retroactive.

Payment of new premium rates after receiving notice of a premium change constitutes the Group's acceptance of a premium rate change.

Changes can be made only through a modified Contract, amendment, endorsement or rider authorized and signed by one of Our officers. No other agent or employee of Ours is authorized to change this Contract.

Renewal and Termination

The Contract is renewable at the option of the Group, except that We may discontinue or nonrenew this Contract with no less than 30 days written notice if there is no longer any Member covered through the Group who lives, resides or works in Our service area or in the area in which We are authorized to do business.

We may also discontinue this Contract or coverage for a Member on any Premium Due Date with written notice and/or re-rate and collect any additional funds from the Group as follows:

- For the Group's failure to pay the required premiums by the end of the grace period (also see "Payment of Premiums" below).
- For fraud or intentional misrepresentation of material fact by the Group.
- For the Group's failure to provide Us annual census information or failure to respond to Our written request for current status information including group size, participation and premium contribution.
- For the Group's failure to comply with Our minimum participation requirements or employer premium contribution requirements.

In addition, if We choose to discontinue offering coverage in the small group and/or large group market, We will provide 180-days prior written notice to the Director of the State of Idaho Department of Insurance and the Group. In this case (when We discontinue coverage in a certain market), We will not write business in that market for a period of at least five years.

In the event We eliminate the coverage described in this Contract for the Group and all other enrolled groups on their renewal dates, We will provide 90-days written notice to the Group and all Members covered through the Group. We will make available to the Group, on a guaranteed issue basis and without regard to the claims experience of the Group or health status of any Member covered through it, the option to purchase all other group coverage(s) being offered by Us for which the Group qualifies.

The Group may terminate this Contract on any Premium Due Date without cause upon 30 days prior written notice to Us.

The Group shall provide each Enrolled Retiree 30 days prior written notice of termination and notify the Enrolled Retiree and Enrolled Dependents of any right which may exist to continue coverage upon termination.

Retroactive Termination of Members

The Group may not retroactively terminate a Member to a date more than 30 days before the date on which We receive the Group's request of his or her termination. If a Member for which the Group requests retroactive termination incurs expenses and We pay claims after the requested termination date, premium is due and must be paid for that Member for the monthly period in which claims are incurred.

PREMIUMS

The date the monthly premium is due is the Premium Due Date. The premium amount will usually depend on the number of persons in a family who are to be enrolled (for example, a rate is charged based on whether one, two or three or more persons are covered). A group may instead use a single rate (called a unit rate) that does not change no matter how many people in a family are enrolled.

Payment of Premiums

The Group must pay Us the premium for each Member before the Premium Due Date for each month this Contract is in effect. The Premium Due Date is the first of each month, regardless of the date coverage became effective.

Nonpayment of Premiums

If the Group does not pay the premium for the Group or any Member by the Premium Due Date, We will send the Group a notice that the premium is overdue. If the Group does not pay Us within 30 days of the Premium Due Date (the grace period), the Group's or Member's coverage may end automatically and without further prior written notice on the last day of the month through which premiums are paid. If termination for nonpayment of premiums is effective later than the last date for which premium has been received by Us, We shall be entitled to collect premium for the period between the last date through which premium was paid and the effective date of termination.

In the event this Contract ends for nonpayment of premium, it may be reinstated at Our option and only by Our written agreement. Unless reinstated, this Contract shall remain terminated regardless of the fact that after the termination date We send monthly billing statements to the Group or, for security purposes, deposit payments received from the Group.

Subject to the provisions of this Contract, no person shall be entitled to coverage under this Contract during any period of time for which payment of the required premium on their behalf has not been made. Receipt by Us of any sum on account for any individual not entitled to coverage under this Contract during the period for which such premium has been paid shall not constitute Our acceptance of the individual.

Refunds of Premiums

If premiums are paid for someone who is not eligible for coverage, retroactive termination and/or refund of the amount paid in error shall be permitted only as described under the Retroactive Termination of

Members provision. If We have paid claims for the Member in question, premium is due and must be paid for that Member during the period in which claims are incurred.

In the event this Contract is terminated, We shall refund any unearned premiums to the Group. In the event this Contract is terminated because of material misrepresentation, We shall refund to the Group any unearned premiums less the amount of paid claims.

OUT-OF-AREA SERVICES

We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Programs." These Inter-Plan Arrangements operate under rules and procedures issued by the BlueCross BlueShield Association ("Association"). Whenever Members access health care services outside the geographic area We serve, the claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described generally below.

When accessing care outside the geographic area We serve, Members may obtain care from health care Providers that have a contractual agreement with the local Blue Cross and/or Blue Shield Licensee in that other geographic area ("Host Blue"). In some instances, Members may obtain care from health care Providers in the Host Blue geographic area that do not have a contractual agreement with the Host Blue. Refer to the Booklet for details of coverage outside the service area. We remain responsible for fulfilling Our contractual obligations to the Group.

BlueCard® Program

The BlueCard Program is an Inter-Plan Arrangement. Under this Arrangement, when Members access Covered Services within the geographic area served by a Host Blue, the Host Blue will be responsible for contracting and handling all interactions with its In-Network Providers. The financial terms of the BlueCard Program are described generally below.

Liability Calculation Method Per Claim

Unless subject to a fixed dollar copayment, the calculation of the Member liability on claims for Covered Services processed through the BlueCard Program will be based on the lower of the In-Network Provider's billed covered charges or the negotiated price made available to Us by the Host Blue.

Host Blues determine a negotiated price, which is reflected in the terms of each Host Blue's health care Provider contracts. The negotiated price made available to Us by the Host Blue may be represented by one of the following:

- An actual price. An actual price is a negotiated payment in effect at the time a claim is processed without any other increases or decreases, or
- An estimated price. An estimated price is a negotiated rate or payment in effect at the time a claim is processed, reduced or increased by a percentage to take into account certain payments negotiated with the Provider and other claim- and non-claim-related transactions. Such transactions may include, but are not limited to, anti-fraud and abuse recoveries, Provider refunds not applied on a claim-specific basis, retrospective settlements, and performance-related bonuses or incentives; or
- An average price. An average price is a percentage of billed covered charges in effect at the time a claim is processed representing the aggregate payments negotiated by the Host Blue with all of its health care Providers or a similar classification of its Providers and other claim- and non-claim-related transactions. Such transactions may include the same ones as noted above for an estimated price.

Host Blues determine whether or not they will use an actual, estimated or average price. Host Blues using either an estimated price or an average price may prospectively increase or reduce such prices to correct for over- or underestimation of past prices (for example, prospective adjustment may mean that a current price reflects additional amounts or credits for claims already paid or anticipated to be paid to Providers or refunds received or anticipated to be received from Providers). However, the BlueCard Program requires that the amount paid by the Member is a final price; no future adjustment will result in increases or decreases by the pricing of past claims. The method of claims payment by Host Blues is taken into account by Us in determining the Group's premiums.

Return of Overpayments
Recoveries from a Host Blue or its In-Network Providers and Out-of-Network Providers can arise in several ways, including, but not limited to, anti-fraud and abuse recoveries, health care Provider/Hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. Recoveries will be applied so that corrections will be made, in general, on either a claim-by-claim or prospective basis. If recovery amounts are passed on a claim-by-claim basis from a Host Blue to Us, they will be credited to the Group's account. In some cases, the Host Blue will engage a third-party to assist in identification or collection of recovery amounts. The fees of such a third-party may be charged to the Group as a percentage of the recovery.

Special Cases: Value-Based Programs
We have included a factor for bulk distributions from Host Blues in the Group's premium for Value-Based Programs when applicable under this Contract.

For the purpose of this section, the following definition applies.

- Value-Based Program: An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local providers that is evaluated against cost and quality metrics/factors and is reflected in provider payment.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees
In some instances federal or state laws or regulations may impose a surcharge, tax or other fee that applies to insured accounts. If applicable, We will include any such surcharge, tax or other fee in determining the Group's premium.

Out-of-Network Providers Outside Our Service Area
- Member Liability Calculation. When Covered Services are provided outside of Our service area by Out-of-Network Providers, the amount(s) a Member pays for such services will generally be based on either the Host Blue's Out-of-Network Provider local payment or the pricing arrangements required by applicable state law. In these situations, the Member may be responsible for the difference between the amount that the Out-of-Network Provider bills and the payment We will make for the Covered Services as set forth in this paragraph. Payments for Out-of-Network emergency services are governed by applicable federal and state law.
- Exceptions. In some exception cases, We may pay claims from Out-of-Network Providers outside of Our service area based on the Provider's billed charge. This may occur in situations where a Member did not have reasonable access to an In-Network Provider, as determined by Us or by applicable state law. In other exception cases, We may pay such a claim based on the payment We would make if We were paying an Out-of-Network Provider inside of Our service area, as described elsewhere in this Contract. This may occur where the Host Blue's corresponding payment would be more than Our in-service area Out-of-Network Provider payment. We may choose to negotiate a payment with such a Provider on an exception basis.
- Unless otherwise stated, in any of these exception situations, the Member may be responsible for the difference between the amount that the Out-of-Network Provider bills and payment We will make for the Covered Services as set forth in this paragraph.

Blue Cross Blue Shield Global® Core
- **General Information**
  If Members are outside the United States (hereinafter: "BlueCard service area"), they may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is not served by a Host Blue. As such, when Members receive care from Providers outside the BlueCard service area, the Members will typically have to pay the Providers and submit the claims themselves to obtain reimbursement for these services.

- **Inpatient Services**
  In most cases, if Members contact the service center for assistance, Hospitals will not require Members to pay for covered inpatient services, except for their Deductibles, Coinsurance, etc. In such cases, the Hospital will submit Member claims to the service center to initiate claims processing.

However if the Member paid in full at the time of service, the Member must submit a claim to obtain reimbursement for Covered Services.

- **Outpatient Services**
  Physicians, urgent care centers and other outpatient providers located outside the BlueCard service area will typically require Members to pay in full at the time of service. Members must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**
  When Members pay for Covered Services outside the BlueCard service area, they must submit a claim to obtain reimbursement. For institutional and professional claims, Members should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the Provider's itemized bill(s) to the service center address on the form to initiate claims processing. The claim form is available from Us, the service center or online at **www.bcbsglobalcore.com**. If Members need assistance with their claim submissions, they should call the service center at 1 (800) 810-BLUE (2583) or call collect at 1 (804) 673-1177, 24 hours a day, seven days a week.

GENERAL PROVISIONS

Group Responsibilities

The Group agrees to the following:

- Handle and distribute enrollment materials in a timely manner and promptly provide to Us the information necessary to administer this Contract. There is an understanding and agreement that the Group's failure to provide information in a timely manner may substantially delay and/or jeopardize the enrollment of eligible Members.
- Restrict enrollment and payment of premiums through the Group to eligible Members.
- Make payroll deductions for and verify with Us the eligibility of any Member on a temporary leave of absence.
- Remit premiums for a terminating Member through the end of the monthly coverage period in which the Member terminates (except as provided under Refund of Premiums), unless otherwise agreed in advance in writing.
- Delete terminations from the billing and to notify Us of terminations in a timely manner and as part of the administrative record-keeping process that occurs in the normal course of business. The Group further agrees that any retroactive termination and/or refund of premiums paid by the Group in error or for an ineligible Member shall be made only as described under the Retroactive Termination of Members provision.
- Provide each Member 30 days prior written notice of termination of this Contract, including any termination due to the Group's failure to pay premiums.
- Notify each Member of any right(s) that may exist to continue coverage upon termination, as provided by any applicable law or as otherwise described in the Booklet, and collect and forward associated timely enrollment forms and premiums.
- Provide those notices, in a timely manner, that a group health plan is required by law to provide (for example, special enrollment rights provisions). The Group agrees to indemnify and hold Us harmless from any damages, loss, action, claim or suit (including court costs and attorney's fees) arising from or related to its failure to provide such legally-required notices.
- Report monthly the names of new Members, cancelled Members and Members electing any statutory continuance of coverage.
- Maintain workers' compensation coverage for all Members, as required by law.
- Maintain Group eligibility in accordance with the minimum standards of applicable statutory continuances of coverage, unless We have agreed in advance and in writing to the Group's use of standards more generous to Members.
- If the Group has added enhanced services, support, and access, the Group has reviewed and accepts the associated terms of use on Our website.
- If We provide Our enrollment and/or change forms ("Forms") and/or any summary plan descriptions, benefit summaries and/or comparison sheets ("Documents") in an electronic medium for inclusion on the Group's internal intranet or by similar means, Group agrees that:

- electronic access shall be limited to the Group's enrolling retirees and covered retirees and be restricted to a "read-only" or similar basis;
- they will replace any hard-copy Forms that have been modified by Us;
- the hard-copy documents on file with Us shall control in the event of any discrepancy; and
- the Group remains solely responsible for the content of the documents and all other legal requirements pertaining to them (for example, distribution).

Notice Under This Contract
Any notice required under this Contract shall be deemed to be properly given if written notice is deposited in the United States mail or with a private mail carrier. Notices to an Enrolled Retiree or to the Group shall be addressed to the Enrolled Retiree or to the Group at the last known address appearing in Our records. If We receive a United States Postal Service change of address form for an Enrolled Retiree, We will update Our records accordingly. Additionally, We may forward any notice for an Enrolled Retiree to the Group administrator if We become aware that We do not have a valid mailing address for the Enrolled Retiree.

Any notice to Us will not be deemed to have been given to and received by Us until physically received by Us. Notices the Group gives to Us must be sent to Us at Our principal mailing address of:

Regence BlueShield of Idaho
P.O. Box 1827, MS CS B32B
Medford, OR 97501-9884

Choice of Forum
Any legal action arising out of this Contract must be filed in a court in the state of Idaho.

Governing Law and Discretionary Language
The Contract will be governed by and construed in accordance with the laws of the United States of America and by the laws of the state of Idaho without regard to its conflict of law rules. As the plan administrator, the Group delegates Us discretion for the purpose of paying benefits under the benefit plan only if We determine that You are entitled to them and of interpreting the terms and conditions of the benefit plan. Final determinations pursuant to this reservation of discretion do not prohibit or prevent a claimant from seeking judicial review of those determinations in federal court. The reservation of discretion made under this provision only establishes the scope of review that a court will apply when You seek judicial review of Our determination of the entitlement to and payment of benefits or interpretation of the terms and conditions applicable to the benefit plan. We are not the plan administrator, but are an insurance company that provides insurance to this benefit plan, and the court will determine the level of discretion that it will accord Our determinations.

Arbitration
Any controversy or claim between the Group and Us arising out of or relating to this Contract, or the breach thereof, whether involving a claim in tort, contract or otherwise, shall be subject to final resolution through binding arbitration. The parties agree that the arbitrator's award shall be binding, may include an apportionment of attorney fees and other fees and costs and may be enforced in any court with the requisite jurisdiction. Any such arbitration shall be conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association and in Ada County, Idaho, unless mutually agreed otherwise by the parties.

If any Member or former Member (or person claiming to be a Member or former Member) makes any claim or brings any action or proceeding arising out of or relating to this Contract to which We or the Group become a party, We and/or the Group agree to cooperate in the defense of such claim, action or

proceeding and to resolve any controversy or claim between Us and the Group through arbitration under this paragraph only after the resolution of the Member's (or alleged Member's) claim.

No Waiver

The failure or refusal of either party to demand strict performance of this Contract or to enforce any provision will not act as or be construed as a waiver of that party's right to later demand its performance or to enforce that provision. No provision of this Contract will be deemed waived by Us unless such waiver is reduced to writing and signed by one of Our authorized officers.

Representations Are Not Warranties

In the absence of fraud, all statements made in an application by the Group or an enrollment form by an enrolled person shall be deemed representations and not warranties. No statement made for the purpose of obtaining coverage shall void such coverage or reduce benefits unless contained in a written document signed by the Group or the enrolled person, a copy of which has been furnished to the Group or the enrolled person.

Group's Bankruptcy

If bankruptcy, receivership or liquidation proceedings are commenced with respect to the Group, and if this Contract has not otherwise been terminated, then We may suspend all further performance of this Contract pursuant to Section 365 of the Bankruptcy Code or any similar or successor provision of federal or state law. Any such suspension of further performance by Us pending the assumption or rejection of the Contract shall not be deemed a breach of the Contract and shall not affect Our right to pursue or enforce any of the rights under this Contract or otherwise.

Our Receivership or Liquidation

If receivership or liquidation proceedings are commenced with respect to Us, and if this Contract has not otherwise been terminated, then the Group may suspend all further performance of this Contract pursuant to any applicable provisions of federal or state law. Any such suspension or further performance by the Group pending the assumption or rejection of the Contract shall not be deemed a breach of the Contract and shall not affect the Group's right to pursue or enforce any of the rights under this Contract or otherwise.

Funding

The Group shall adopt policies and procedures regarding the funding of the Group's payment obligations under this Contract. This includes the withholding of premiums by payroll deduction from Enrolled Retirees' wages and/or the payment of the Group's premium contributions from the general assets of the Group. Amounts paid (either directly or withheld by payroll deduction) by Members for benefits under the plan shall be used for the exclusive benefit of the Members and the Group shall not divert such amounts for any purpose other than for the payment of the Group's obligations hereunder. Amounts paid (either directly or withheld by payroll deduction) by Members shall be transferred to Us by the Group prior to the payment of Group premium contributions from the general assets of the Group.

RELATIONSHIP TO BLUE CROSS AND BLUE SHIELD ASSOCIATION

The Group on behalf of itself and its Members hereby expressly acknowledges its understanding that the Contract constitutes an agreement solely between the Group and Regence BlueShield of Idaho, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the Association), permitting Us to use the Blue Shield Service Mark in the state of Idaho and in Asotin and Garfield counties in the state of Washington and that We are not contracting as the agent of the Association. The Group on behalf of itself and its Members further acknowledges and agrees that it has not entered into the Contract based upon representations by any person or entity other than Regence BlueShield of Idaho and that no person or entity other than Regence BlueShield of Idaho will be held accountable or liable to the Group or the Members for any of Our obligations to the Group or the Members created under the Contract. This paragraph will not create any additional obligations whatsoever on the part of Regence BlueShield of Idaho other than those obligations created under other provisions of the Contract.

Certificates of Creditable Coverage

We will provide certificates of creditable coverage to Members terminating from the Group, unless the Group specifically notifies Us in writing that it will provide such certificates of creditable coverage to terminating Members. The Group understands and agrees that Our timely provision of certificates of creditable coverage depends upon the Group's prompt deletion of terminating Members from the Group's billing. It agrees to indemnify and hold Us harmless from any damages, loss, action, claim or suit (including court costs and attorney's fees) arising from or related to Our failure to provide a certificate of creditable coverage in a timely manner as a result of the Group's failure to promptly delete a terminating Member from the Group's billing.

Group Is Agent

The Group is the agent of the Members for all purposes under this Contract and not the agent of Regence BlueShield of Idaho. Members are entitled to health care benefits pursuant to this agreement between Us and the Group. The Group agrees to act as agent for Members in acknowledging their agreement of the terms, provisions, limitations and exclusions contained in this Contract and the Booklet.

Medication Rebate

We participate in arrangements with medication manufacturers that allow Us to receive rebates based on the volume of certain prescription medications purchased on behalf of Members. We are entitled to retain the rebates and may apply such amounts to the cost of Our operations.

COBRA CONTINUATION OF COVERAGE

This section applies only when the benefit plan is subject to the continuation of coverage provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). Certain circumstances, called qualifying events, give Members the right to continue this coverage beyond the time it ordinarily would have ended. COBRA continuation rights and obligations are governed by the COBRA law, as amended, and if there is any conflict between the provisions of this Contract and COBRA, COBRA's minimum requirements will govern. This section will automatically cease to apply when federal law requiring COBRA continuation no longer applies to the benefit plan. This section does not provide a full description of COBRA.

Who Is Eligible for COBRA Continuation and How Long it Lasts

If an Enrolled Retiree's health coverage eligibility ends due to either of the following qualifying events, the Enrolled Retiree may elect COBRA continuation coverage lasting up to 18 months after their coverage normally would have been lost:

- termination of the Enrolled Retiree's employment (except termination for gross misconduct); or
- reduction in the Enrolled Retiree's hours of employment.

Enrolled Dependents whose health coverage eligibility ends due to either of these qualifying events also may elect COBRA Continuation Coverage lasting up to 18 months.

If health coverage eligibility for any Enrolled Dependents ends due to any of the following qualifying events, those Enrolled Dependents may elect COBRA Continuation Coverage lasting up to 36 months after their coverage normally would have been lost:

- the Enrolled Retiree's death;
- the Enrolled Retiree dissolves their marriage (divorces);
- the Enrolled Retiree becomes entitled to Medicare benefits; or
- the enrolled child loses eligibility as a child under this Contract.

By electing COBRA continuation, unless Enrolled Retirees specify to the contrary, Enrolled Retirees automatically continue benefits for themselves and their Enrolled Dependents. If COBRA continuation coverage is not desired for an Enrolled Retiree or any Enrolled Dependent, each Member may independently elect such coverage on their own behalf. Any election by the Enrolled Retiree's spouse automatically continues coverage of the enrolled children, unless specified to the contrary.

COBRA coverage following a termination of employment/reduction in hours qualifying event can be extended to a maximum of up to 29 total months if one of the Members in the family is determined to have been disabled for purposes of Title II or Title XVI of the Social Security Act at the time of the initial qualifying event or within the first 60 days of COBRA continuation coverage. To be eligible for the extension, a Member must provide the Group documentation of the Social Security Administration's disability determination within 60 days of the date it is made and while still within the 18-month continuation period. The disability extension extends to the family unit, even if only one of the Members is disabled.

An 18-month period of COBRA continuation following a termination of employment/reduction in hours qualifying event (or a 29-month COBRA continuation period involving such a termination/reduction followed by a disability extension) may be extended to a total period of up to 36-months for an Enrolled Dependent whose health coverage otherwise would end because of any of the following "second" qualifying events occurring within the first 18-month (or, if there has been a disability extension, 29-month) period:

- the Enrolled Retiree's death;
- the Enrolled Retiree dissolves their marriage (divorces);
- the Enrolled Retiree becomes entitled to Medicare benefits; or
- the enrolled child loses eligibility as a child under this Contract.

An event is only a "second" qualifying event if it would have ended the Member's health coverage eligibility if the original termination of employment/reduction of hours qualifying event had not already occurred. Except with regard to employer Chapter 11 bankruptcy as described below, in no event will COBRA continuation extend more than 36 months from the date coverage normally would have been lost due to the termination of employment/reduction in hours qualifying event. Members must provide the Group notice of the occurrence of one of these "second" qualifying events.

If an Enrolled Retiree Is Retired and the Employer Files Chapter 11 Bankruptcy

COBRA also allows continuation of coverage if the Enrolled Retiree is retired, the Group files a Chapter 11 bankruptcy petition, and a Member experiences a loss of coverage (or substantial reduction in coverage) within one year before or after the bankruptcy filing. Retired employees, and widows or widowers of retired employees who died before the bankruptcy, may continue coverage for the remainder of their lifetimes. If the Enrolled Retiree is retired and dies after the bankruptcy, Enrolled Dependents may continue coverage for up to 36-months after the Enrolled Retiree's death.

If an Enrolled Retiree Becomes Entitled to Medicare Before Electing COBRA

If the Enrolled Retiree becomes entitled to Medicare before electing COBRA in connection with employment termination or a reduction in hours qualifying event, they may maintain both Medicare and up to 18-months of COBRA coverage and Enrolled Dependents may continue their COBRA coverage, until the later of:

- up to 18-months from the date coverage otherwise would be lost due to the termination of employment/reduction in hours; or
- up to 36-months from the date the Enrolled Retiree became entitled to Medicare.

When COBRA Continuation Coverage Ends

COBRA continuation will end when the first of the following occurs:

- no later than the last day of the monthly premium payment period in which the applicable period of COBRA coverage expires (18, 29 or 36 months, except with regard to Chapter 11 bankruptcy);
- failure to make the monthly premium payment (after the first COBRA premium payment) within 30 days of its due date. This termination of COBRA is effective the end of the last day for which premium was paid;
- the Member, after election of COBRA: 1) becomes covered by another group health plan that does not limit or exclude any preexisting condition the Member might have, or 2) becomes entitled to Medicare. If other group coverage or Medicare entitlement begins the first day of a month, this

termination of COBRA is effective the end of the immediately preceding day. Otherwise, this termination of COBRA is effective the end of the last day of the monthly premium payment period in which the group coverage or Medicare entitlement begins; or

- the date this Contract terminates.

COBRA continuation will also end for Members when there is a final determination that a Member is no longer disabled for purposes of Title II or Title XVI of the Social Security Act. In that case, COBRA continuation ends as of the later of:

- the last day of 18 months of continuation coverage; or
- the first day of the month that is more than 30 days following the date of the final determination of the nondisability.

This event terminates the continuation of all Members who had qualified to extend by virtue of the Member's disability. It's the Member's responsibility to notify the Group of such a final determination within 30 days of the day it is made.

When an Enrolled Retiree Acquires a New Child While on COBRA

Children born to or placed for adoption with the Enrolled Retiree while the Enrolled Retiree is on COBRA, and who otherwise qualify as eligible dependents, may be added to COBRA coverage and have all the rights extended to Members who have elected COBRA. Addition of such children must occur in accordance with the terms of the "Eligibility and Enrollment" section of the Booklet.

Notification Responsibilities

In order to preserve rights under COBRA, Members and the Group must meet certain notification, election and payment deadline requirements. It is therefore very important that Members keep the Group informed of the current address of all persons who are or may become qualified beneficiaries.

Members must inform the Group in writing within 60-days of divorce or legal separation, or a loss of eligibility of a child. The Group is responsible for notifying Members of the right to elect COBRA continuation due to any of the other qualifying events (for example, employee's death, termination of employment or reduction in hours or Medicare entitlement).

Once the Group is notified or aware of a qualifying event, it sends Members information concerning continuation options, including the necessary COBRA continuation election forms. Members have 60-days from the later of the date of the qualifying event or the date of the Group's notice to a Member in which to make an election.

As mentioned above, to be eligible for disability extension, a Member must provide the Group documentation of a Social Security disability determination within 60 days of the date it is made and while still within the 18-month COBRA continuation period following a termination or reduction of hours qualifying event. The determination must reflect that the Member was disabled for Social Security purposes at the time of the initial qualifying event or within the first 60-days of COBRA continuation. If a final determination is subsequently made that a Member is no longer disabled for Social Security purposes, the Member must provide the Group notice of that determination within 30 days of the date it is made.

To be eligible for an extension of the 18-month continuation that follows a termination of employment/reduction in hours qualifying event (or a 29-month COBRA continuation period involving such a termination/reduction followed by a disability extension), Members must notify the Group. Notification must occur within 30 days of the occurrence of any of the following "second" qualifying events causing a loss of coverage within that 18-month (or 29-month) period:

- the Enrolled Retiree's death;
- the Enrolled Retiree dissolves their marriage (divorces) or legally separates;
- the Enrolled Retiree becomes entitled to Medicare benefits; or
- the enrolled child loses eligibility as a child under this Contract.

Paying Continuation Premium
If Members wish to continue coverage, they must pay for it. Premiums generally will reflect the total cost of the group health care coverage and up to a two percent administration fee. For Members who receive COBRA Continuation Coverage due to a Social Security disability determination, premiums and administration fees will be up to 150 percent of the total cost for coverage for the period of the disability extension (provided the disabled individual is among those continuing coverage). Coverage ceases if timely premium payments are not made. Members have a maximum of 45 days from the date that the election form is mailed to the Group to submit the first payment. This first payment must retroactively cover any period of time after the date coverage was terminated (and, if not received timely, COBRA will not become effective). All subsequent payments are due on the first day of the month for which coverage is to be provided or within a 30-day grace period thereafter.

If Members Do Not Elect COBRA Continuation
If Members do not elect COBRA continuation coverage, coverage will end according to the terms of this Contract and We will not pay claims for services provided on and after the date coverage ends. Members who do not elect COBRA continuation coverage, may have the right to other coverage, in certain circumstances. Refer to the continuation of coverage provisions in the Booklet for details.

MEDICARE SECONDARY PAYOR RULES
The federal government has adopted Medicare secondary payer (MSP) rules for determining which are the primary and secondary payers when a Member is covered under both Medicare and a group health plan. The rules depend on:

- whether the Medicare eligible person is active or retired (or the spouse of such person);
- whether the person has Medicare because of reaching age 65, disability or end stage renal disease; and
- the size of employer sponsoring the group health plan.

In order to administer claims in compliance with the MSP rules, We need to know certain information. Accordingly, the Group must advise Us in writing within 30 days of a change in the number of employees as described in the following bulleted paragraphs:

- When the number of employees in a "current employment status" according to federal regulations increases to 20 or more, or decreases below 20. For purposes of this calculation, the Group will be considered to employ 20 or more employees if it has had 20 or more full- or part-time employees for each working day in each of 20 or more calendar weeks in the current calendar year or the preceding calendar year.
- When the number of employees in a current employment status increases to 100 or more or decreases below 100. For purposes of this calculation, the Group will be considered to employ 100 or more employees if it had 100 or more full- or part-time employees on 50 percent or more of its regular business days in the previous calendar year.
- When an employee retires and eligibility under this Contract allows retired employees to remain enrolled.

The Group shall be responsible for claim amounts or penalties payable to the federal government resulting from noncompliance with the MSP rules caused by its failure to give Us notice of a Group size change under this provision.

Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or get treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from surprise billing or balance billing.

What is "balance billing" (sometimes called "surprise billing")?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, such as a copayment, coinsurance, and/or a deductible. You may have other costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network.

"Out-of-network" describes providers and facilities that haven't signed a contract with your health plan. Out-of-network providers may be permitted to bill you for the difference between what your plan agreed to pay and the full amount charged for a service. This is called "**balance billing**." This amount is likely more than in-network costs for the same service and might not count toward your annual out-of-pocket limit.

"Surprise billing" is an unexpected balance bill. This can happen when you can't control who is involved in your care – like when you have an emergency or when you schedule a visit at an in- network facility but are unexpectedly treated by an out-of-network provider.

You are protected from balance billing for:

Emergency services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most the provider or facility may bill you is your plan's in-network cost-sharing amount (such as copayments and coinsurance). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balanced billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers may bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other services at these in-network facilities, out-of-network providers can't balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get care out-of-network. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have the following protections:

- You are only responsible for paying your share of the cost (like the copayments, coinsurance, and deductibles that you would pay if the provider or facility was in-network). Your health plan will pay out-of-network providers and facilities directly.
- Your health plan generally must:
  - Cover emergency services without requiring you to get approval for services in advance (prior authorization).
  - Cover emergency services by out-of-network providers.
  - Base what you owe the provider or facility (cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
  - Count any amount you pay for emergency services or out-of-network services toward your deductible and out-of-pocket limit.

If you believe you've been wrongly billed, you may contact Idaho Department of Insurance by visiting the department's website at **doi.idaho.gov/nosurprises** or calling the Consumer Affairs section at 1-208-334-4319 or toll-free in Idaho at 1-800-721-3272.

ACCESSING PROVIDERS

You are not restricted in Your choice of Provider for care or treatment of an Illness or Injury. You control Your out-of-pocket expenses by choosing between "In-Network" and "Out-of-Network" Providers.

- **In-Network.** Choosing In-Network Providers saves You the most in Your out-of-pocket expenses. In-Network Providers will not bill You for balances beyond any Deductible, Copayment and/or Coinsurance for Covered Services. NOTE: Covered Services for Preventive Care and Immunizations provided by a Provider that has any form of participating contract to provide services and supplies to Our Members in accordance with the provisions of this coverage, will be covered at the In-Network benefit level.
- **Out-of-Network.** Choosing Out-of-Network Providers means Your out-of-pocket expenses will be higher than choosing an In-Network Provider. Also, an Out-of-Network Provider may bill You for balances beyond any Deductible, Copayment and/or Coinsurance. This is referred to as balance billing. Refer to the notice "Your Rights and Protections Against Surprise Medical Bills" attached to this Booklet for information regarding reimbursement and balance billing applicable to Out-of-Network Providers for certain services.

For each benefit, We indicate the Provider You may choose and Your payment amount for each provider option. See the Definitions Section for a complete description of In-Network and Out-of-Network. You can go to **regence.com** for further Provider network information.

Understanding Your Benefits

This section provides information to help You understand the terms Maximum Benefits, Deductibles, Copayments, Coinsurance and Out-of-Pocket Maximum. These terms are types of cost-sharing specific to Your benefits. You will need to refer to the Medical Benefits and Prescription Medications Sections to see what Your benefits are.

This is a high deductible health plan that may include "single" or "family" coverage.

Single Coverage means only one person has coverage. Examples include, but are not limited to:

- an employee who is the only one in their Family who has coverage;
- spouses who both work for the Group and have each filled out an application and are Enrolled Retirees on separate coverages; or
- an Enrolled Dependent who is continuing insurance coverage on their own.

Family Coverage means two or more members of the same Family have the same coverage.

MAXIMUM BENEFITS

Some Covered Services may have a specific Maximum Benefit. Those Covered Services will be provided until the specified Maximum Benefit (which may be a number of days, visits, services, supplies, dollar amount or specified time period) has been reached. Refer to the Medical Benefits Section to determine if a Covered Service has a specific Maximum Benefit.

You will be responsible for the total billed charges for Covered Services that are in excess of any Maximum Benefits. You will also be responsible for charges for any other services or supplies not covered by this plan, regardless of the Provider rendering such services or supplies.

DEDUCTIBLES

The Deductible is the amount You must pay each Plan Year before We will provide payments for Covered Services. Only Allowed Amounts for Covered Services are applied to satisfy the Deductible. There is a Single Coverage Deductible amount and a Family Coverage Deductible amount. The Single Coverage Deductible is satisfied by a Member who is enrolled on Single Coverage.

The Family Coverage Deductible is satisfied when any combination of Family Members' payments total the Family Coverage Deductible amount.

We do not pay for services applied toward the Deductible. Refer to the benefit sections to see what Covered Services are subject to the Deductible. Any amounts You pay for non-Covered Services, Copayments or amounts in excess of the Allowed Amount do not apply toward the Deductible. In addition, the difference in cost between a Brand-Name Medication and its generic equivalent (or a Specialty Medication and its Specialty Biosimilar Medication) does not apply toward the Deductible. Further, any reduction in Your cost-sharing for Prescription Medications resulting from the use of any discount or a drug manufacturer coupon may not apply toward the Deductible. If You do not fill Your Prescription Medication through a Specialty Pharmacy, You are required to notify Us of Your use of a drug manufacturer coupon.

COPAYMENTS

Copayments are a specific dollar amount that You pay directly to the Provider at the time You receive a specified service. A Provider may or may not request any applicable Copayment at the time of service. Refer to the benefit sections to see what Covered Services are subject to a Copayment.

COINSURANCE (PERCENTAGE YOU PAY)

Your Coinsurance is the percentage You pay when Our payment is less than 100 percent. The Coinsurance varies, depending on the service or supply You received and who rendered it. Your Coinsurance applies once You have satisfied the Deductible and/or any applicable Copayment for Covered Services up to any Maximum Benefit. Your Coinsurance will be based upon the lesser of either

the billed charges or the Allowed Amount. We do not reimburse Providers for charges above the Allowed Amount.

OUT-OF-POCKET MAXIMUM

The Out-of-Pocket Maximum is the most You could pay in a Plan Year for Covered Services. Your payments of any Deductible, Copayments and/or Coinsurance apply to the Out-of-Pocket Maximum, unless specified otherwise. There is a Single Coverage Out-of-Pocket Maximum amount and a Family Coverage Out-of-Pocket Maximum amount for In-Network benefits and also for Out-of-Network benefits. The Single Coverage Out-of-Pocket Maximum is satisfied by a Member who is enrolled on Single Coverage.

The Family Coverage Out-of-Pocket Maximum is satisfied when any combination of Family Members' payments of their cost-shares for Covered Services total the Family Coverage Out-of-Pocket Maximum.

A Member's payment of any Deductible, Copayment and/or Coinsurance for ambulance, blood bank, emergency room services and Prescription Medications will apply toward the In-Network Out-of-Pocket Maximum amount. Additionally, services provided by a Provider that has an effective participating contract with Us or one of Our Affiliates (as further defined in the Definitions Section) will apply to the In-Network Out-of-Pocket Maximum amount. Any amounts You pay for non-Covered Services, Out-of-Network services for Gene Therapy and Adoptive Cellular Therapy or amounts in excess of the Allowed Amount do not apply toward the Out-of-Pocket Maximum. In addition, the difference in cost between a Brand-Name Medication and its generic equivalent (or a Specialty Medication and its Specialty Biosimilar Medication) does not apply toward the Out-of-Pocket Maximum. Further, any reduction in Your cost-sharing for Prescription Medications resulting from the use of any discount or a drug manufacturer coupon may not apply toward the Out-of-Pocket Maximum. If You do not fill Your Prescription Medication through a Specialty Pharmacy, You are required to notify Us of Your use of a drug manufacturer coupon. You will continue to be responsible for amounts that do not apply toward the Out-of-Pocket Maximum, even after You reach the Out-of-Pocket Maximum.

Once You reach the Out-of-Pocket Maximum, benefits subject to the Out-of-Pocket Maximum will be paid at 100 percent of the Allowed Amount for the remainder of the Plan Year. The Coinsurance does not change to a higher payment level or apply to the Out-of-Pocket Maximum for some benefits. Refer to the benefit sections to determine if a Covered Service does not apply to the Out-of-Pocket Maximum.

HOW PLAN YEAR BENEFITS RENEW

The Deductible, Out-of-Pocket Maximum and Maximum Benefits are calculated on a Plan Year basis. Each July 1, those Plan Year maximums begin again. Some benefits have a separate Maximum Benefit based upon a Member's Lifetime and do not renew every Plan Year.

Medical Benefits

This section explains Your benefits and cost-sharing responsibilities for Covered Services. Referrals are not required before You can use any of the benefits of this coverage, including women's health care services. All benefits are listed alphabetically, with the exception of Preventive Care and Immunizations, Office or Urgent Care Visits and Other Professional Services.

Medical services and supplies must be Medically Necessary for the treatment of an Illness or Injury (except for any covered preventive care) and received from a Provider practicing within the scope of their license. All covered benefits are subject to the limitations, exclusions and provisions of this plan. In some cases, We may limit benefits or coverage to a less costly and Medically Necessary alternative item. A Health Intervention may be medically indicated or otherwise be Medically Necessary, yet not be a Covered Service. See the Definitions Section for descriptions of Medically Necessary and the types of Providers who deliver Covered Services.

If benefits change while You are in the Hospital (or any other facility as an inpatient), coverage will be provided based upon the benefit in effect when the stay began.

Reimbursement may be available when You purchase new medical supplies, equipment and devices from a Provider or from an approved Commercial Seller. New medical supplies, equipment and devices purchased through an approved Commercial Seller are covered at the In-Network benefit level, with reimbursement based on the lesser of either the amount paid to an In-Network Provider for that item or the retail market value for that item. To learn more about how to access reimbursable new retail medical supplies, equipment and devices, visit Our website or contact Customer Service.

NOTE: If You choose to access new medical supplies, equipment and devices through Our website, We may receive administrative fees or similar compensation from the Commercial Seller and/or You may receive discounts or coupons for Your purchases. **ANY SUCH DISCOUNTS OR COUPONS ARE A COMPLEMENT TO THE GROUP HEALTH PLAN, BUT ARE NOT INSURANCE.**

CASE MANAGEMENT

Case management is a program designed to provide early detection and intervention in cases of serious Illness or Injury that have the potential for continuing major or complex care. Case managers are experienced, licensed health care professionals. They will provide information, support and guidance and will work with Your Physicians or other health care professionals in supporting Your treatment plan and proposing alternative benefits.

PREAUTHORIZATION

Some Covered Services may require preauthorization. Those services require contracted Providers to obtain preauthorization from Us before providing such services to You. You will not be penalized if the contracted Provider does not obtain preauthorization from Us in advance and the service is determined to be not covered.

Non-contracted Providers are not required to obtain preauthorization from Us prior to providing services. You may be responsible for the cost of services provided by a non-contracted Provider if those services are not Medically Necessary or a Covered Service. You may request that a non-contracted Provider preauthorize services on Your behalf to determine Medical Necessity prior to receiving those services.

PREVENTIVE VERSUS DIAGNOSTIC SERVICES

Covered Services may be either preventive or diagnostic. "Preventive" care is intended to prevent an Illness, Injury or to detect problems before symptoms are noticed. "Diagnostic" care treats, investigates or diagnoses a condition by evaluating new symptoms, following up on abnormal test results or monitoring existing problems.

Your Provider's classification of the service as either preventive or diagnostic and any other terms in this Booklet will determine the benefit that applies. For example, colonoscopies and mammograms are covered in the Preventive Care and Immunizations benefit if Your Provider bills them as preventive and they fall within the recommendations identified in that benefit. Otherwise, colonoscopies and

mammograms are covered the same as any other Illness or Injury. You may want to ask Your Provider why a Covered Service is ordered or requested.

PREVENTIVE CARE AND IMMUNIZATIONS

Preventive care and immunization services provided by a professional Provider, facility or Retail Clinic that are within age limits and frequency guidelines according to, and as recommended by, the United States Preventive Service Task Force (USPSTF), the Health Resources and Services Administration (HRSA) or by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention (CDC), or as required by state or federal guidance for a specific time period as a result of a government declared disease outbreak, epidemic, or other public health emergency, are covered for the following:

  - one new non-Hospital grade breast pump at the In-Network benefit level when obtained from a Provider (including a Durable Medical Equipment supplier); or
  - a comparable new breast pump may be obtained from an approved Commercial Seller in lieu of a Provider. Benefits for a comparable new breast pump obtained from an approved Commercial Seller will be covered up to the In-Network benefit level, with reimbursement based on the lesser of either the amount paid to an In-Network Provider or the retail market value.
- United States Food and Drug Administration (FDA) approved contraceptive and sterilization methods according to, and as recommended by HRSA, including, but not limited to:
  - condoms;
  - diaphragm with spermicide;

  - implantable contraceptive rod;
  - surgical implants; and
  - surgical sterilization procedures for women.

Prostate cancer screening is also covered when recommended by a Physician or Practitioner. Covered Services for prostate cancer screening include digital rectal examinations and prostate-specific antigen (PSA) tests.

NOTE: Covered Services that do not meet these criteria (for example, diagnostic colonoscopies or diagnostic mammograms) will be covered the same as any other Illness or Injury. In the event HRSA, USPSTF or the CDC adopt a new or revised recommendation, We have up to one year before coverage of the related services must be available and effective in this Booklet. For a list of Covered Services, including information about obtaining a new breast pump from an approved Commercial Seller, visit Our website or contact Customer Service.

Expanded Immunizations

Immunizations that do not meet age limits and frequency guidelines according to, and as recommended by, the USPSTF, HRSA or by the CDC are covered. OFFICE OR URGENT CARE VISITS – ILLNESS OR INJURY

Office (including home, Retail Clinic or Hospital outpatient department) and urgent care visits are covered for treatment of Illness or Injury. Coverage does not include other professional services performed in the office or urgent care that are specifically covered elsewhere in the Medical Benefits Section, including, but not limited to, separate facility fees or outpatient radiology and laboratory services billed in conjunction with the visit.

VIRTUAL CARE
Virtual care services are covered for the use of telehealth or store and forward services received from a remote Provider, rather than an in-person office visit, for the diagnosis, treatment or management of a covered medical condition. Some Providers or virtual care vendors may provide virtual care services at a lower cost, resulting in a reduction of Your cost-share.

"Virtual care vendors" mean a select group of Providers that have entered into an agreement with Us to provide virtual care services at a lower cost. To learn more about how to access virtual care services or Providers and virtual care vendors that may offer lower-cost services, visit Our website or contact Customer Service.

For example, telehealth includes a live video call from Your home to discuss a possible eye infection with Your Provider or using the equipment at Your local Provider's office to have

a live video call with a cardiologist in a different city. Separate charges for facility fees are covered in the Other Professional Services benefit.

Prescription Medications

This section explains Your benefits and cost-sharing responsibilities for Prescription Medications. Benefits will be paid in this Prescription Medications benefit, not any other provision, if a medication or supply is covered by both. For Provider-Administered Specialty Drug coverage, refer to the Provider-Administered Specialty Drugs benefit in the Medical Benefits Section.

Prescription Medications listed on the Drug List are covered. Prescription Medications not on the Drug List may be covered as described in the Drug List Exception Process provision. To view the Drug List and find medications by tier, visit Our website or contact Customer Service.

However, You do not need to meet any Deductible when You fill a prescription diabetic drugs or for medications specifically designated as preventive for treatment of certain chronic diseases that are on the Optimum Value Medication List found on Our website or by calling Customer Service. Your Coinsurance will be applied toward the In-Network Out-of-Pocket Maximum.

You are not responsible for any Coinsurance when You fill prescriptions for medications intended to treat opioid overdose that are on the Opioid Rescue Medication Value List found on Our website or by calling Customer Service.

When You fill a prescription for Tier 3 insulin, Your cost-share will not exceed $100 per 30-day supply from a Pharmacy or $300 per 90-day supply from a Home Delivery Supplier.

PRESCRIPTION MEDICATIONS CLAIMS AND ADMINISTRATION

Preauthorization

Some Prescription Medications may require preauthorization before they are dispensed. We notify participating Providers, including Pharmacies, which Prescription Medications require preauthorization. Prescription Medications that require preauthorization must have medical information provided by the prescribing Provider to determine Medical Necessity. Prescribed Medications that require preauthorization will not be covered until they are preauthorized. For a list of medications that require preauthorization or if You have any questions, visit Our website or contact Customer Service.

Drug List Changes

Any removal of a Prescription Medication from Our Drug List will be posted on Our website 30 days prior to the effective date of that change unless the removal is done on an emergency basis or if an equivalent Generic Medication becomes available without prior notice. In the case of an emergency removal, the change will be posted as soon as possible.

If You are taking a Prescription Medication while it is removed from the Drug List and its removal was not due to the Prescription Medication being removed from the market, becoming available over-the-counter or issuance of a black box warning by the Federal Drug Administration, We will continue to cover Your Prescription Medication for the time period required to use Our Drug List exception process to request continuation of coverage for the removed Prescription Medication and receive a decision through that process, unless patient safety requires an expedited replacement.

Drug List Exception Process

Non-Drug List medications are not covered by Your Prescription Medications benefit. However, a Prescription Medication not on the Drug List may be covered in certain circumstances.

"Non-Drug List" means those self-administered Prescription Medications not listed on the Drug List.

To request coverage for a Prescription Medication not on the Drug List, You or Your Provider will need to request preauthorization so that We can determine that a Prescription Medication not on the Drug List is Medically Necessary. Your Prescription Medication not on the Drug List may be considered Medically Necessary if:

- medication policy criteria are met, if applicable;
- You are not able to tolerate a covered Prescription Medication(s) on the Drug List;
- Your Provider determines that the Prescription Medication(s) on the Drug List is not therapeutically effective for treating Your covered condition; or
- Your Provider determines that a dosage required for effective treatment of Your covered condition differs from the Prescription Medication on the Drug List dosage limitation.

The specific medication policy criteria to determine if a Prescription Medication not on the Drug List is Medically Necessary are available on Our website. You or Your Provider may request preauthorization by calling Customer Service or by completing and submitting the form on Our website.

Once preauthorization has been approved, the Prescription Medication not on the Drug List will be available for coverage at the Substituted Medication Copayment and/or Coinsurance level determined by Your benefit and will apply toward any Deductible or Out-of-Pocket Maximum.

Your Responsibility for Cost Differences of Chosen Medications

You will be responsible for the applicable Copayment and/or Coinsurance for the Brand-Name Medication or Specialty Medication at the time of purchase. You will also be responsible for paying excess costs above Your applicable cost-share if either of the following occur:

- if You choose to fill a Prescription Order with a Brand-Name Medication and an equivalent Generic Medication is available, You will be responsible for paying the difference in cost; or
- if You choose to fill a Prescription Order with a Specialty Medication and a Specialty Biosimilar Medication is available, You will be responsible for paying the difference in cost.

The excess in cost does not apply toward any Deductible or any Out-of-Pocket Maximum. If the prescribing Provider specifies that the Brand-Name Medication or Specialty Medication must be dispensed, You will still be responsible for the excess in cost.

Pharmacy Network Information

A nationwide network of Participating Pharmacies is available to You. You can find Participating Pharmacies on Our website or by contacting Customer Service.

You must present Your identification card to identify Yourself as Our Member when obtaining Prescription Medications from a Pharmacy or Home Delivery Supplier. If You do not present Your identification card You may be charged more than the Covered Prescription Medication Expense.

Claims Submitted Electronically

Participating Pharmacies will submit claims electronically. If a Nonparticipating Pharmacy provides Your Prescription Medication and submits the claim electronically, We will pay the Nonparticipating Pharmacy directly. Nonparticipating Pharmacies, however, may charge amounts in excess of Covered Prescription Medication Expenses. If that happens, You will be responsible for the excess amounts, as well as any Deductible, Copayment and/or Coinsurance shown electronically to the Nonparticipating Pharmacy at the time of purchase.

Claims Not Submitted Electronically

It is best to use a Participating Pharmacy so Your claims can be submitted electronically, and so You won't have to pay the difference between the Pharmacy's charges and the Covered Prescription Medication Expense in addition to Your Deductible, Copayment and/or Coinsurance.

However, when a claim is not submitted electronically, You must pay for the Prescription Medication in full at the time of purchase. For reimbursement, complete a Prescription Medication claim form and mail a

copy of the form and the Prescription Medication receipt to Us. To find the Prescription Medication claim form, visit Our website or contact Customer Service.

We will reimburse You directly based on the Covered Prescription Medication Expense, minus the applicable Deductible, Copayment and/or Coinsurance that would have been required had the medication been purchased from a Participating Pharmacy.

Home Delivery

You can use home delivery services to purchase covered Prescription Medications. Home delivery coverage applies when Prescription Medications are purchased from a Home Delivery Supplier and the claim is submitted electronically. Not all Prescription Medications are available from Home Delivery Suppliers.

You may also obtain covered Prescription Medications from a non-contracted home delivery Pharmacy, if the non-contracted home delivery Pharmacy is registered and agrees to dispense covered Prescription Medications according to the same terms and conditions as those provided by a Home Delivery Supplier. In this case, covered Prescription Medications dispensed by the non-contracted home delivery Pharmacy will be covered in the same manner as covered Prescription Medications dispensed by a Home Delivery Supplier.

To buy Prescription Medications through the mail, send all of the following items to the Home Delivery Supplier at the address shown on the prescription home delivery form (which also includes refill instructions) available on Our website or from Your Group:

- a completed prescription home delivery form;
- any Deductible, Copayment and/or Coinsurance; and
- the original Prescription Order.

Prescription Medications Dispensed by Excluded Pharmacies

We do not permit excluded Pharmacies to submit claims after the excluded Pharmacies have been added to the Office of the Inspector General (OIG) list. A Pharmacy may be excluded if it has been investigated by the OIG and appears on the OIG's exclusion list.

You will be notified if You are receiving medications from a Pharmacy that is later determined to be an excluded Pharmacy so that You may obtain future Prescription Medications from a non-excluded Pharmacy. Up to the time of notification, Your previously submitted claims will still be processed.

Refills

Refills obtained from:

- a Pharmacy are covered when You have taken 75 percent of the previous prescription;
  - except, Schedule II or III controlled substance medications may be refilled only after You have taken 85 percent of the previous prescription.
- a Home Delivery Supplier are covered after You have taken all but 20 days of the previous Prescription Order.

However, if You:

- choose to refill Your Prescription Medications sooner, You will be responsible for the full cost of the Prescription Medication and those costs will not apply toward any Deductible and/or Out-of-Pocket Maximum.
- feel You need a refill sooner than allowed, a refill exception will be considered on a case-by-case basis. You may request an exception by calling Customer Service.

Discounts or Manufacturer Coupons

Any reduction in Your cost-sharing resulting from the use of any discount or a drug manufacturer coupon may not apply toward the Deductible or Out-of-Pocket Maximum. If You do not fill Your Prescription

Medication through a Specialty Pharmacy, You are required to notify Us of Your use of a drug manufacturer coupon.

LIMITATIONS

The following limitations apply to this Prescription Medications Section, except for certain preventive medications as specified in the Covered Prescription Medications Section:

Prescription Medication Supply Limits

- **30-Day Supply Limit:**
  - **Specialty Medications** – the largest allowable quantity for a Specialty Medication purchased from a Specialty Pharmacy, is a 30-day supply. Specialty Medications are not allowed through Home Delivery Suppliers.

    The first fill of Specialty Medications for hemophilia is allowed at a Pharmacy. Additional fills must be provided by a Specialty Pharmacy or Specialty Pharmacy designated as a Hemophilia Treatment Center (HTC).
- **34-Day Supply Limit:**
  - **Pharmacy** – the largest allowable quantity of a Prescription Medication purchased from a Pharmacy is a 34-day supply. A Provider may prescribe or You may purchase some medications in smaller quantities. The Copayment and/or Coinsurance is based on each 34-day supply.
- **90-Day Supply Limit:**
  - **Pharmacy** – the largest allowable quantity of a Prescription Medication purchased from a retail Pharmacy is a 90-day supply. A Provider may prescribe or You may purchase some medications in smaller quantities. The Copayment and/or Coinsurance is based on each 30-day supply.

A Provider may prescribe or You may purchase some medications in smaller quantities. The Copayment and/or Coinsurance is based on each 30-day supply.

The availability of that supply at a given Pharmacy or time is not a factor in identifying the smallest multiple-month supply. The Copayment and/or Coinsurance is based on the Prescription Order up to a 34-day supply within that multiple-month supply.
- **Maximum Quantity Limit:**
  - For certain Prescription Medications, We establish maximum quantities other than those described previously. This means that, for those medications, there is a limit on the amount of medication that will be covered during a period of time. We use information from the FDA and from scientific publications to establish these maximum quantities. When You take a Prescription Order to a Participating Pharmacy or request a Prescription Medication refill and use Your identification card, the Pharmacy will let You know if a quantity limitation applies to the medication. You may also find out if a limit applies by contacting Customer Service.
  - For certain Self-Administrable Cancer Chemotherapy Medications, due to safety factors and the Member's ability to tolerate these medications, the Prescription Medication may be reduced to an initial 14-day or 15-day supply before larger quantities are dispensed.
  - Any amount over the established maximum quantity is not covered, except if We determine the amount is Medically Necessary. The prescribing Provider must provide medical information in

order to establish whether the amount in excess of the established maximum quantity is Medically Necessary.

Self-Administrable Cancer Chemotherapy Medications include oral Prescription Medications used to kill or slow the growth of cancerous cells. Information from the manufacturer, scientific literature, practice standards, Medicare practices, Medical Necessity and other information that is considered a relevant and reliable indication of safety and acceptability is used to determine a Self-Administrable Medication. We do not consider Your status, such as Your ability to administer the medication, when determining whether a medication is self-administrable.

Specialty Biosimilar Medication means an FDA-approved Prescription Medication that has a biological similarity to a Specialty Medication. The Specialty Biosimilar Medication is identical in function to the comparable Specialty Medication and may be more cost efficient. Specialty Medications mean medications that may be used to treat complex conditions, including, but not limited to:

- multiple sclerosis;
- rheumatoid arthritis;
- cancer;
- clotting factor for hemophilia or similar clotting disorders; and

Tier 1 means medications that provide the highest overall value. Mostly includes Generic Medications but may include some Brand-Name Medications.

Tier 4 means medications that provide lower overall value. Usually includes Brand-Name Medications that are categorized based on how well they work and/or their cost compared to other medications that treat the same condition.

Tier 5 means Specialty Medications that provide moderate overall value, categorized based on how well they work and/or their cost compared to other medications that treat the same condition.

Contract and Claims Administration

This section explains administration of benefits and claims, including situations that may arise when Your health care expenses are the responsibility of a source other than Us.

ALTERNATIVE BENEFITS

Alternative benefits are benefits for services or supplies that are not otherwise covered under the Contract, but for which We may approve coverage after case management evaluation and analysis. We may cover alternative benefits through case management if We determine, in Our sole discretion, that alternative benefits are Medically Necessary and will result in overall reduced covered costs and improved quality of care. Before coverage of alternative benefits and the processing of associated claims, We, You (or Your legal representative) and, when required by Us, Your Physician or other Provider must agree in writing to the specific terms and conditions for payment. Alternative benefits are approved on a case-specific basis only. The fact that We may cover alternative benefits for You does not set any precedent for coverage of continued or additional alternative benefits for You, or anyone else covered.

SUBMISSION OF CLAIMS AND REIMBURSEMENT

When claims are submitted and payment is due, We decide whether to pay You, the Provider or You and the Provider jointly. We may make benefit payments for a child covered by a legal qualified medical child support order (QMCSO) directly to the custodial parent or legal guardian of such child.

In-Network Provider Claims and Reimbursement

You must present Your identification card to an In-Network Provider and furnish any additional information requested. The Provider will submit the necessary forms and information to Us for processing Your claim.

We will pay an In-Network Provider directly for Covered Services. These Providers may require You to pay any Deductible, Copayment and/or Coinsurance at the time You receive care or treatment. In-Network Providers have agreed not to bill You for balances beyond any Deductible, Copayment and/or Coinsurance and to accept the Allowed Amount as payment in full for Covered Services.

Out-of-Network Provider Claims and Reimbursement

In order for Us to pay for Covered Services, You or the Out-of-Network Provider must first send Us a claim. In most cases, We will pay You directly for Covered Services provided by an Out-of-Network Provider. Be sure the claim is complete and includes the following information:

- an itemized description of the services given and the charges for them;
- the date treatment was given;
- the diagnosis;
- the patient's name;
- Your identification number; and
- the group number.

If the treatment is for an Injury, include a statement explaining the date, time, place and circumstances of the Injury when You send Us the claim.

Out-of-Network Providers have not agreed to accept the Allowed Amount as payment in full for Covered Services. You are responsible for paying any difference between the amount billed by the Out-of-Network Provider and the Allowed Amount in addition to any amount You must pay due to Deductible, Copayment and/or Coinsurance. For Out-of-Network Providers, the Allowed Amount may be based upon the billed charges for some services, as determined by Us or as otherwise required by law.

NOTE: Refer to the notice "Your Rights and Protections Against Surprise Medical Bills" attached to this Booklet for information regarding reimbursement and balance billing applicable to Out-of-Network Providers for certain services.

Timely Filing of Claims
Written proof of loss (submission of a claim) must be received within one year after the date of service. Claims that are not filed in a timely manner will be denied, unless You can reasonably demonstrate that the claim could not have been filed in a timely manner. Benefits or coverage will not be invalidated nor reduced if it can be shown that it was not reasonably possible to file the claim and that the claim was submitted as soon as reasonably possible. You may Appeal the denial in accordance with the Appeal process to demonstrate that the claim could not have been filed in a timely manner.

Claim Determinations
Within 30 days of Our receipt of a claim, We will notify You of Our action. However, this 30-day period may be extended by an additional 15 days due to lack of information or extenuating circumstances. We will notify You of the extension within the initial 30-day period and provide an explanation of why the extension is necessary.

If We require additional information to process the claim, We must allow You at least 45 days to provide it to Us. If We do not receive the requested information within the time We have allowed, We will deny the claim.

CONTINUITY OF CARE
You may qualify to receive 90 days of continued coverage (or 90 days from the date You are no longer a continuing care patient, whichever is earlier) at the In-Network benefit level, if one of the following situations apply:

- Your Provider was a contracted In-Network Provider, but is no longer contracted (this provision does not apply if the contract with the Provider was terminated due to a failure to meet quality standards or for fraud); or
- Your Group's Contract with Us is terminated for reasons other than fraud, and your Group's new health plan does not include Your In-Network Provider in its network.

To qualify for continued coverage, You must be:

- undergoing a course of treatment for a certain serious and complex condition from the Provider;
- undergoing a course of institutional or inpatient care from the Provider;
- scheduled to undergo non-elective surgery from the Provider (including postoperative care following surgery);
- pregnant and undergoing a course of treatment for pregnancy from the Provider; or
- determined to be terminally ill and receiving treatment for such Illness from the Provider.

We will notify You of Your right to receive continued care from the Provider or You may contact Us with a need for continued care. Coverage under this Continuity of Care provision will be subject to the benefits of this Booklet and provided on the same terms and conditions as any other In-Network Provider. Your Provider must accept the Allowed Amount and cannot bill You for any amount beyond any Deductible, Copayment and/or Coinsurance. Contact Customer Service for further information and guidance.

OUT-OF-AREA SERVICES
We have a variety of relationships with other Blue Cross and/or Blue Shield Licensees referred to generally as "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association. Whenever You access health care services outside the geographic area We serve, the claims for these services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When You receive care outside Our service area, You may receive it from one of three kinds of Providers. Providers that contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area ("Host Blue") as a preferred Provider are paid at the In-Network benefit level and will not bill You for balances beyond any Deductible, Copayment and/or Coinsurance for Covered Services. Providers that contract with the Host Blue as a participating Provider are paid at the Out-of-Network benefit level and may not bill You for balances beyond any Deductible, Copayment and/or Coinsurance. Some Providers

("Out-of-Network Providers") don't contract with the Host Blue. We further explain below how We pay these different kinds of Providers.

BlueCard Program

In the BlueCard Program, when You access Covered Services within the geographic area served by a Host Blue, We will remain responsible for doing what We agreed to in the Contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

Whenever You receive Covered Services outside Our service area and the claim is processed through the BlueCard Program, the amount You pay for Covered Services is calculated based on the lower of:

- the billed covered charges for Your Covered Services; or
- the negotiated price that the Host Blue makes available to Us.

Often, this "negotiated price" will be a simple discount that reflects an actual price that the Host Blue pays to Your health care Provider. Sometimes, it is an estimated price that takes into account special arrangements with Your health care Provider or Provider group that may include types of settlements, incentive payments and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of health care Providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing, going forward, also take into account adjustments to correct for over- or underestimation of modifications of past pricing of claims, as noted above. However, such adjustments will not affect the price We have used for Your claim because they will not be applied after a claim has already been paid.

Value-Based Programs

If You receive Covered Services from a Value-Based Program inside a Host Blue's service area, You will not be responsible for paying any of the Provider Incentives, risk-sharing, and/or Care Coordination Fees that are a part of such an arrangement, except when a Host Blue passes these fees to Us through average pricing or fee schedule adjustments.

The following definitions apply:

- Value-Based Program: An outcomes-based payment arrangement and/or a coordinated care model facilitated with one or more local Providers that is evaluated against cost and quality metrics/factors and is reflected in Provider payment.
- Provider Incentive: An additional amount of compensation paid to a health care Provider by a Blue Cross and/or Blue Shield Plan, based on the Provider's compliance with agreed-upon procedural and/or outcome measures for a particular group of covered persons.
- Care Coordination Fee: A fixed amount paid by a Blue Cross and/or Blue Shield Licensee to Providers periodically for Care Coordination in a Value-Based Program.

Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal law or state law may require a surcharge, tax or other fee that applies to insured accounts. If applicable, We will include any such surcharge, tax or other fee as part of the claim charge passed on to You.

Out-of-Network Providers Outside Our Service Area

- **Your Liability Calculation.** When Covered Services are provided outside of Our service area by Out-of-Network Providers, the amount You pay for such services will normally be based on either the Host Blue's Out-of-Network Provider local payment or the pricing arrangements required by applicable state law. In these situations, You may be responsible for the difference between the amount that the Out-of-Network Provider bills and the payment We will make for the Covered Services as set forth in this paragraph. Federal or state law, as applicable, will govern payments for Out-of-Network emergency services.

- **Exceptions.** In certain situations, We may use other payment methods, such as billed covered charges, the payment We would make if the health care services had been obtained within Our service area, or a special negotiated payment to determine the amount We will pay for services provided by Out-of-Network Providers. In these situations, You may be liable for the difference between the amount that the Out-of-Network Provider bills and the payment We will make for the Covered Services as set forth in this paragraph.

BLUE CROSS BLUE SHIELD GLOBAL® CORE

If You are outside the United States (hereinafter "BlueCard service area"), You may be able to take advantage of Blue Cross Blue Shield Global Core when accessing Covered Services. Blue Cross Blue Shield Global Core is not served by a Host Blue. As such, when You receive care from Providers outside the BlueCard service area, You will typically have to pay the Providers and submit the claims Yourself to obtain reimbursement for these services.

If You need medical assistance services (including locating a doctor or Hospital) outside the BlueCard service area, You should call the service center at 1 (800) 810-BLUE or call collect at 1 (804) 673-1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

- **Inpatient Services**
  In most cases, if You contact the service center for assistance, Hospitals will not require You to pay for covered inpatient services, except for Your applicable Deductible, Coinsurance, etc. In such cases, the Hospital will submit Your claims to the service center to begin claims processing. However, if You paid in full at the time of services, You must submit a claim to receive reimbursement for Covered Services.

- **Outpatient Services**
  Physicians, urgent care centers and other outpatient Providers located outside the BlueCard service area will typically require You to pay in full at the time of services. You must submit a claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**
  When You pay for Covered Services outside the BlueCard service area, You must submit a claim to obtain reimbursement. For institutional and professional claims, You should complete a Blue Cross Blue Shield Global Core claim form and send the claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate claims processing. Following the instructions on the claim form will help ensure timely processing of Your claim. The claim form is available from the service center or online at **www.bcbsglobalcore.com**. If You need assistance with Your claim submission, You should call the service center at 1 (800) 810-BLUE or call collect at 1 (804) 673-1177, 24 hours a day, seven days a week.

CLAIMS RECOVERY

If We pay a benefit to which You or Your Enrolled Dependent was not entitled, or if We pay a person who is not eligible for benefits at all, We have the right, at Our discretion, to recover the payment from the person We paid or anyone else who benefited from it, including a provider of services. Our right to recovery includes the right to deduct the mistakenly paid amount from future benefits We would provide the Enrolled Retiree or any Enrolled Dependents, even if the mistaken payment was not made on that person's behalf.

We regularly work to identify and recover claims payments that should not have been made (for example, claims that are the responsibility of another, duplicates, errors, fraudulent claims, etc.). We will credit all amounts that We recover, less Our reasonable expenses for obtaining the recoveries, to Your Group's experience or the experience of the pool by which You or Your Group is rated. Crediting reduces claims expense and helps reduce future premium rate increases.

This Claims Recovery provision in no way reduces Our right to reimbursement or subrogation. Refer to the Right of Reimbursement and Subrogation Recovery provision for additional information.

RIGHT OF REIMBURSEMENT AND SUBROGATION RECOVERY

As used herein, the term "third-party," means any party that is, or may be, or is claimed to be responsible for Illness or Injuries to You or for health conditions You experience. Such Illness, Injuries or health conditions are referred to as "third-party Injuries." Third-party includes any party responsible for payment of expenses associated with the care or treatment of third-party Injuries.

If We pay benefits under this Booklet to You for expenses incurred due to third-party Injuries, then We retain the right to repayment of the full cost of all benefits provided by Us on Your behalf that are associated with the third-party Injuries. Our rights of recovery apply to any recoveries made by or on Your behalf from the following sources, including, but not limited to:

- payments made by a third-party or any insurance company on behalf of the third-party;
- any payments or awards from an uninsured or underinsured motorist coverage policy;
- any worker's compensation or disability award or settlement; or
- any other payments from a source intended to compensate You for Injuries resulting from an accident or alleged negligence, including automobile medical, personal injury protection (PIP), automobile no-fault, premises medical payments coverage, homeowner's insurance coverage, commercial premises medical coverage or similar contract or insurance, when the contract or insurance is either issued to, or makes benefits available to You, whether or not You make a claim with such coverage.

By accepting benefits under this Booklet, You specifically acknowledge Our right of subrogation. When We pay health care benefits for expenses incurred due to third-party Injuries, We shall be subrogated to Your right of recovery against any party to the extent of the full cost of all benefits provided by Us. We may proceed against any party with or without Your consent.

By accepting benefits under this Booklet, You also specifically acknowledge Our right of reimbursement. This right of reimbursement attaches when We have paid benefits due to third-party Injuries and You or Your representative have recovered any amounts from a third-party. By providing any benefit under this Booklet, We are granted an assignment of the proceeds of any settlement, judgment or other payment received by You to the extent of the full cost of all benefits provided by Us. Our right of reimbursement is cumulative with and not exclusive of Our subrogation right and We may choose to exercise either or both rights of recovery.

In order to secure Our recovery rights, You agree to assign to Us any benefits or claims or rights of recovery You have in any automobile policy or other coverage, to the full extent of Our subrogation and reimbursement claims. This assignment allows Us to pursue any claim You may have, whether or not You choose to pursue the claim.

Advancement of Benefits

If You have a potential right of recovery for Illnesses or Injuries from a third-party who may have legal responsibility or from any other source, We may advance benefits pending the resolution of a claim to the right of recovery and all of the following conditions apply:

- By accepting or claiming benefits, You agree that We are entitled to reimbursement of the full amount of benefits that We have paid out of any settlement or recovery from any source. This includes any judgment, settlement, disputed claim settlement, uninsured motorist payment or any other recovery related to the Illness or Injury for which We have provided benefits.
- You or Your representative agree to give Us a first-priority lien on any recovery, settlement judgment or other source of compensation which may be received from any party to the extent of the full cost of all benefits associated with third-party Injuries provided by Us (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement).
- Further, You agree to pay, as the first priority, from any recovery, settlement, judgment or other source of compensation, any and all amounts due to Us as reimbursement for the full cost of all benefits associated with third-party Injuries paid by Us (regardless of whether specifically set forth in the recovery, settlement, judgment or compensation agreement).
- Our rights apply without regard to the source of payment for medical expenses, whether from the proceeds of any settlement, arbitration award or judgment or other characterization of the recovery by

the Member and/or any third-party or the recovery source. We are entitled to reimbursement from the first dollars received from any recovery. This applies regardless of whether:

- the third-party or third-party's insurer admits liability;
- the health care expenses are itemized or expressly excluded in the recovery; or
- the recovery includes any amount (in whole or in part) for services, supplies or accommodations covered in this Booklet.

- We will not reduce Our reimbursement or subrogation due to Your not being made whole. Our right to reimbursement or subrogation, however, will not exceed the amount of recovery.
- By accepting benefits under this Booklet, You or Your representative agrees to notify Us promptly (within 30-days) and in writing when notice is given to any party of the intention to investigate or pursue a claim to recover damages or obtain compensation due to third-party Injuries sustained by You.
- You and Your representative must cooperate with Us and do whatever is necessary to secure Our rights of subrogation and reimbursement under this Booklet. We may require You to sign and deliver all legal papers and take any other actions requested to secure Our rights (including an assignment of rights to pursue Your claim if You fail to pursue Your claim of recovery from the third-party or other source). If We ask You to sign a trust agreement or other document to reimburse Us from the proceeds of any recovery, You will be required to do so as a condition to advancement of any benefits.
- You must agree that nothing will be done to prejudice Our rights. This includes, but is not limited to, refraining from making any settlement or recovery which specifically attempts to reduce or exclude the full cost of all benefits paid by Us. You will also cooperate fully with Us, including signing any documents within the required time and providing prompt notice of any settlement or other recovery. You must notify Us of any facts that may impact Our right to reimbursement or subrogation, including, but not necessarily limited to, the following:

  - the filing of a lawsuit;
  - the making of a claim against any third-party;
  - scheduling of settlement negotiations (including, but not necessarily limited to, a minimum of 21 days advance notice of the date, time, location and participants to be involved in any settlement conferences or mediations); or
  - intent of a third-party to make payment of any kind to Your benefit or on Your behalf and that in any manner relates to the Illness or Injury that gives rise to Our right of reimbursement or subrogation (notification is required a minimum of five business days before the settlement).

- You and/or Your agent or attorney must agree to serve as constructive trustee and keep any recovery or payment of any kind related to Your Illness or Injury which gave rise to Our right of subrogation or reimbursement segregated in its own account, until Our right is satisfied or released.
- In the event You and/or Your agent or attorney fails to comply with any of these conditions, We may recover any such benefits advanced for any Illness or Injury through legal action.
- Any benefits We have provided or advanced are provided solely to assist You. By paying such benefits, We are not acting as a volunteer and are not waiving any right to reimbursement or subrogation.

We may recover the full cost of all benefits paid by Us under this Booklet without regard to any claim of fault on Your part, whether by comparative negligence or otherwise. No court costs or attorney fees may be deducted from Our recovery, and We are not required to pay or contribute to paying court costs or attorney's fees for the attorney hired by You to pursue Your claim or lawsuit against any third-party. In the event You or Your representative fail to cooperate with Us, You shall be responsible for all benefits paid by Us in addition to costs and attorney's fees incurred by Us in obtaining repayment.

Motor Vehicle Coverage

If You are involved in a motor vehicle accident, You may have rights both with motor vehicle insurance coverage and against a third-party who may be responsible for the accident. In that case, this Right of Reimbursement and Subrogation Recovery provision still applies.

Workers' Compensation
Here are some rules which apply in situations where a workers' compensation claim has been filed:

- You must notify Us in writing within five days of any of the following:
  - filing a claim;
  - having the claim accepted or rejected;
  - appealing any decision;
  - settling or otherwise resolving the claim; or
  - any other change in status of Your claim.
- If the entity providing workers' compensation coverage denies Your claim and You have filed an appeal, We may advance benefits for Covered Services if You agree to hold any recovery obtained in a segregated account for Us.

Fees and Expenses
We are not liable for any expenses or fees incurred by You in connection with obtaining a recovery. However, You may request that We pay a proportional share of attorney's fees and costs at the time of any settlement or recovery to otherwise reduce the required reimbursement amount to less than the full amount of benefits paid by Us. We have discretion whether to grant such requests.

Future Medical Expenses
Benefits for otherwise Covered Services may be excluded when You have received a recovery from another source relating to an Illness or Injury for which We would normally provide benefits. However, the amount of any Covered Services excluded in this provision will not exceed the amount of Your recovery.

COORDINATION OF BENEFITS
If You are covered by any other Plan (as defined below), the benefits in this Booklet and those of the other Plan will be coordinated in accordance with the provisions of this section.

Coordination of Benefits with a High Deductible Health Plan
Laws strictly limit the types of other coverages that a health savings account (HSA) participant may carry in addition to their qualified high deductible health plan. The benefits of maintaining an HSA are jeopardized if impermissible types of other coverages are maintained. We will coordinate benefits according to this Coordination of Benefits provision, regardless of whether other coverage is permissible per HSA law or not. It is Your responsibility to ensure that You do not maintain other coverage that might jeopardize any HSA tax benefit that You plan to claim.

Definitions
The following are definitions that apply to this Coordination of Benefits provision:

<u>Allowable Expense</u> means, with regard to services that are covered in full or part by this Booklet or any other Plan(s) covering You, the amount on which that Plan would base its benefit payment for a service, including Coinsurance or Copayments and without reduction for any applicable Deductible. In no event shall benefits payable under the Contract and another Plan exceed the allowable charges for such benefits. The following are examples of expenses that are not an Allowable Expense:

- An expense or portion of an expense not covered by any of Your involved Plans.
- The difference between the cost of a private Hospital room and the cost of a semiprivate Hospital room, unless Your stay in a private Hospital room is Medically Necessary or one of Your involved Plans provides coverage for private Hospital rooms.
- Any expenses for other types of coverage or benefits when this coverage restricts coordination of benefits to certain types of coverage or benefits. This Coordination of Benefits provision applies to all benefits provided in this Booklet.
- Any amount by which a Primary Plan's benefits were reduced because You did not comply with that Plan's provisions regarding second surgical opinion or failed to use a preferred Provider.

When a Plan provides benefits in the form of services, the reasonable cash value of each service provided will be considered both an Allowable Expense and a benefit paid.

Birthday means only the day and month in a Calendar Year and does not include the year in which the Member is born.

Closed Panel Plan means a Plan that provides health benefits to a Member primarily in the form of services through a panel of Providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other Providers, except in cases of emergency or referral by a panel member. If the Primary Plan is a Closed Panel Plan and the Secondary Plan is not a Closed Panel Plan, the Secondary Plan shall provide benefits as if it were the Primary Plan when a Member uses a non-panel Provider, except for emergency services or authorized referrals that are provided by the Primary Plan.

Custodial Parent means the parent awarded custody of a child by a court decree. In the absence of a court decree, the parent with whom the child resides more than one half of the Calendar Year without regard to any temporary visitation is the Custodial Parent.

Group-Type Coverage is a coverage that is not available to the general public and can be obtained and maintained only because of membership in or connection with a particular organization or group, including blanket coverage. Group-Type Coverage does not include an individually underwritten and issued guaranteed renewable coverage, even if the coverage is purchased through payroll deduction at a premium savings to the covered person.

Plan means any of the following with which this coverage coordinates benefits:

- group and non-group insurance contracts and subscriber contracts;
- uninsured group or Group-Type Coverage arrangements;
- group and non-group coverage through Closed Panel Plans;
- Group-Type Coverage;
- medical care components of long-term care coverage, such as skilled nursing care;
- Medicare or other governmental benefits, except as provided below; and
- medical benefits coverage in automobile "no fault" and traditional automobile "fault" type contracts.

Plan does **not** include:

- hospital indemnity coverage or other fixed indemnity coverage;
- school accident-type coverage that covers students for accidents only, including athletic injuries, either on a 24-hour basis or a "to and from school basis";
- specified disease or specified accident coverage;
- accident only coverage;
- long-term care insurance for non-medical services (such as personal care, adult daycare, homemaker services, assistance with activities of daily living, respite care and Custodial Care) or that pay a fixed daily benefit without regard to actual expenses incurred or services;
- limited benefit health coverage;
- Medicare supplement coverage;
- a Medicaid state plan; or
- a governmental plan that, by law, provides benefits that are excess to those of private insurance or other nongovernmental coverage.

Primary Plan means the Plan that must determine its benefits for Your health care before the benefits of another Plan and without taking the existence of that other Plan into consideration. (This is also referred to as that Plan being "primary" to that other Plan.) There may be more than one Primary Plan. A Plan is a Primary Plan with regard to another Plan in any of the following circumstances:

- the Plan either has no order of benefit determination provision, or its rules differ from those permitted in this provision; or

- both Plans use the order of benefit determination provision included herein and by that provision the Plan determines its benefits first.

Secondary Plan means a Plan that is not a Primary Plan. You may have more than one Secondary Plan. If You are covered by more than one Secondary Plan, the order of benefit determination provision decides the order in which Your Secondary Plans' benefits are determined in relation to each other.

Year means Calendar Year (January 1 through December 31).

Order of Benefit Determination

The order of benefit determination is identified by using the first of the following rules that apply:

Non-dependent Coverage: A Plan that covers You other than as a dependent will be primary to a Plan for which You are covered as a dependent (except where this order of benefits would cause a violation of federal law concerning coordination of benefits with Medicare).

Dependent Coverage: Unless there is a court decree stating otherwise, Plans that cover You as a child shall determine the order of benefits as follows:

For a child whose parents are married or living together (whether or not they have ever been married):

- The Plan that covers You as the dependent of Your parent whose Birthday occurs earlier in the Year will be primary over a Plan that covers You as the dependent of Your parent whose Birthday occurs later in the Year.
- If both parents covering You as a dependent have the same Birthday, the Plan of the parent who has been covered by their Plan longer shall be primary to the Plan of the parent who has been covered by their Plan for a shorter period.

For a child whose parents are divorced, separated or that are not living together (whether or not they have ever been married):

- If a court decree specifies that one of Your parents is responsible for Your health care expenses or health care coverage and that parent's Plan has actual knowledge of that term of the decree, the Plan of that parent is primary to the Plan of Your other parent. If the parent with responsibility has no health care coverage for Your health care expenses, but that parent's spouse does, that parent's spouse's Plan is the Primary Plan. If benefits have been paid or provided by a Plan before it has actual knowledge of the term in the court decree, these rules do not apply until that Plan's next Plan Year.
- If a court decree states that both parents are responsible for Your health care expenses or health care coverage, or a court decree states that the parents have joint custody without specifying that one parent has responsibility for Your health care expenses or health care coverage:
  - The Plan that covers You as the dependent of Your parent whose Birthday occurs earlier in the Year will be primary over a Plan that covers You as the dependent of Your parent whose Birthday occurs later in the Year.
  - If both parents covering You as a dependent have the same Birthday, the Plan of the parent who has been covered by their Plan longer shall be primary to the Plan of the parent who has been covered by their Plan for a shorter period.
- If there is no court decree allocating responsibility for Your health care expenses or health care coverage:
  - The Plan covering the Custodial Parent shall be primary to the Plan covering Your Custodial Parent's spouse.
  - The Plan of Your Custodial Parent's spouse shall be primary to the Plan covering Your noncustodial parent.
  - Then the Plan covering Your noncustodial parent shall be primary to the Plan of Your noncustodial parent's spouse.

For a child covered by more than one Plan of individuals who are not the parents of the child, the order of benefit determination shall be determined as per the provisions set forth above as if those individuals were parents of the child.

Active/retired or laid-off employees: A Plan that covers You as an active employee (or as that employee's dependent) is primary to a Plan by which You are covered as a retired or laid off employee (or as the dependent of a retired or laid off employee). If the other Plan does not have this rule and if, as a result, the Plans do not agree on the order of benefits, this rule will not apply.

Continuation coverage: A Plan which covers You as an employee or retired employee, or as an employee's or retired employee's dependent, will be primary to a Plan that is providing continuation coverage (pursuant to COBRA or a right of continuation by state or other federal law). If the other Plan does not have this rule and if, as a result, the Plans do not agree on the order of benefits, this rule will not apply. This paragraph does not apply if an order of benefit determination can be made by the non-dependent coverage paragraph above.

Longer/shorter length of coverage: When none of the paragraphs above establishes an order of benefit determination, the benefits of the Plan that has covered You for the longer period of time will be determined before the benefits of the Plan that has covered You for the shorter period of time. To determine the length of time You have been covered by a Plan, two Plans will be treated as one if You were eligible by the second within 24 hours after the first ended. The start of a new Plan does not include:

- a change in the amount or scope of a Plan's benefits;
- a change in the entity that pays, provides or administers the Plan's benefits; or
- a change from one type of Plan to another (such as from a single-employer Plan to a multiple employer Plan).

Your length of time covered by a Plan is measured from Your first date of coverage with that Plan. If that date is not readily available for a group Plan, the date You first became a member of the group will be used as the date from which to determine the length of time coverage with the present Plan has been in force.

If an order of benefit determination is not identified by the preceding rules, the Plans shall share equally in the Allowable Expenses.

Each of the Plans by which You are covered, and each of the benefits within the Plan, will be considered separately in administering this Coordination of Benefits provision.

Primary Health Plan Benefits

When, in accordance with the order of benefit determination, this coverage is the Primary Plan, We will pay the benefits in this Booklet as if no other Plan exists.

Secondary Health Plan Benefits

If, in accordance with the order of benefit determination, one or more Plans are primary to this coverage, the benefits in this Booklet will be calculated as follows:

We will calculate the benefits that We would have paid for a service if this coverage were the Primary Plan. We will compare the Allowable Expense in this Booklet for that service to the Allowable Expense for it with the other Plan(s) by which You are covered. We will pay the lesser of:

- the unpaid charges for the service, up to the higher (highest) Allowable Expenses among the involved Plans, and
- the benefits that We would have paid for the service if this coverage were the Primary Plan.

Deductibles, Coinsurance and Copayments in this Booklet will be used in the calculation of the benefits that We would have paid if this were the Primary Plan, but they will not be applied to the unpaid charges You owe after the Primary Plan's payment. Our payment therefore will be reduced so that it, when combined with the Primary Plan's payment, does not exceed the higher (highest) Allowable Expense

among the involved Plans and We will credit toward any Deductible in this Booklet any amount that would have been credited to Deductible if this coverage had been the only Plan.

If this coverage is the Secondary Health Plan according to the order of benefit determination and any other Plan(s) claim to be "always secondary" or use order of benefit determination rules inconsistent with those in this Booklet, We will pay benefits first, but the amount paid will be calculated as if this coverage is a Secondary Health Plan. If the other Plan(s) do not provide Us with the information necessary for Us to determine Our appropriate secondary benefits payment within a reasonable time after Our request, We shall assume their benefits are identical to Ours and pay benefits accordingly, subject to adjustment upon receipt of the information requested from the other Plan(s) within two years of Our payment.

Nothing contained in this Coordination of Benefits provision requires Us to pay for all or part of any service that is not covered by this coverage. Further, in no event will this Coordination of Benefits provision operate to increase Our payment over what We would have paid in the absence of this Coordination of Benefits provision.

Right to Receive and Release Needed Information

Certain facts are needed to apply coordination of benefits provisions. We have the right to decide which facts We need. We may get needed facts from, or give them to, any other organization or person as permitted by law, and need not tell or get the consent of any person to do this. You will promptly furnish to Us any information necessary or appropriate to administer this Coordination of Benefits provision. Receipt of such information by Us will be a condition precedent to Our obligation to provide benefits in this Booklet.

Facility of Payment

Any payment made by any other Plan(s) may include an amount that should have been paid by this coverage. If so, We may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid by this coverage. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case payment made means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If We provide benefits to or on behalf of You in excess of the amount that would have been payable in this Booklet by reason of Your coverage with any other Plan(s), We will be entitled to recover from You, Your assignee or beneficiary, or from the other Plan(s) upon request.

A Secondary Plan that provides benefits in the form of services may recover the reasonable cash value of the services from the Primary Plan to the extent that benefits for the services are covered by the Primary Plan and have not already been paid or provided by it.

Appeal Process

If You or Your Representative wish to seek review of a claim denial or other dispute that is identified below, You may appeal. There is one appeal to Us, as well as an additional voluntary external review that You may pursue. Certain situations requiring a faster decision may qualify for an expedited appeal as described below.

NOTE: For all appeals, written materials provided in support of the appeal that include others' medical or health records and other personal health information should not be submitted.

INTERNAL APPEAL

All internal appeals, including expedited appeals, must be pursued within 180 days of Your receipt of Our determination (or, in the case of the initial appeal, within 180 days of Your receipt of Our original adverse decision that You are appealing). If You don't appeal within this time period, You will not be able to continue to pursue the appeal process and may jeopardize Your ability to pursue the matter in any forum. When We receive an appeal request, We will send You a written acknowledgement.

Internal appeals are reviewed by an employee or employees who were not involved in the initial decision that You are appealing. In appeals that involve issues requiring medical judgment, the decision is made by Our staff of health care professionals.

What You May Appeal – Internal Appeal

You may appeal disputes regarding:

- access to health care benefits, including an adverse determination made pursuant to utilization management;
- claims payment, handling or reimbursement for health care services;
- matters pertaining to the contractual relationship between a Member and Us;
- rescission of Your benefit coverage by Us; and
- other matters as specifically required by law or regulation.

Voluntary External Review – Independent Review Organization (IRO)

For information regarding a voluntary external review, refer to the Your Right to an Independent External Review – Notice provision below.

INTERNAL EXPEDITED APPEAL

If You or Your treating Provider determines that Your health could be jeopardized by waiting for a decision from the regular appeal process, You or Your treating Provider may specifically request an expedited appeal within 180 days of Your receipt of Our determination.

The internal expedited appeal request should state the need for a decision on an expedited basis and must include documentation necessary for the appeal decision. Internal expedited appeals are reviewed by employees who were not involved in, or subordinate to anyone involved in, the initial denial determination. You or Your Representative, on Your behalf, will be given the opportunity (within the constraints of the expedited appeal time frame) to provide written materials, including written testimony on Your behalf.

What You May Appeal – Internal Expedited Appeal

An expedited appeal is available if one of the following applies:

- the application of regular appeal time frames on a Pre-Service or concurrent care claim either:
  - could jeopardize Your life, health or ability to regain maximum function; or
  - according to a Provider with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the disputed care or treatment; or
- the treatment would be significantly less effective if not promptly initiated.

Voluntary Expedited Review – IRO

For information regarding a voluntary expedited external review, refer to the Your Right to an Independent External Review – Notice provision below.

YOUR RIGHT TO AN INDEPENDENT EXTERNAL REVIEW – NOTICE

Read this notice carefully. It describes a procedure for review of a disputed health claim by a qualified professional who has no affiliation with Us. If You request an independent external review of Your claim, the decision made by the independent reviewer will be binding and final on Us. You will have the right to further review of Your claim by a court, arbitrator, mediator or other dispute resolution entity, only if Your plan is subject to ERISA, as more fully explained in the Binding Nature of the External Review Decision provision below.

You must first exhaust Our internal grievance and appeal process. Exhaustion of that process includes completing an internal appeal, or unless You requested or agreed to a delay, Our failure to respond to a standard appeal within 35 days in writing or to an urgent appeal within three working days of the date You filed Your appeal. We may also agree to waive the exhaustion requirement for an external review request. You may file for an expedited appeal with Us and an expedited external review with the Idaho Department of Insurance (hereafter "DOI") at the same time if Your request qualifies as an urgent care request, as defined in the Expedited External Review Request provision below.

Filing an External Review Request

No later than four months from the date We issue a final notice of denial, You may submit a request for an external review as follows:

Method of Request	Contact Information
Mail	Attn: External Review Idaho Department of Insurance 700 W. State Street, 3rd Floor Boise, ID 83720-0043
Phone	1 (208) 334-4250; or 1 (800) 721-3272 (toll-free in Idaho)
Website	**www.doi.idaho.gov**

You may represent Yourself in Your request or You may name another person, including Your treating health care Provider, to act as Your authorized Representative for Your request. If You want someone else to represent You, You must include a signed Appointment of an Authorized Representative form with Your request.

Your written external review request to the DOI must include a completed form authorizing the release of any of Your medical records the IRO may require to reach a decision on the external review, including any judicial review of the external review decision pursuant to ERISA, if applicable. The DOI will not act on an external review request without Your completed authorization form.

If Your request qualifies for external review, Our final adverse benefit determination will be reviewed by an IRO selected by the DOI. We will pay the costs of the review.

What You May Appeal – Voluntary Standard External Review Request

If We issue a final adverse benefit determination of Your request to provide or pay for a health care service or supply that is a Covered Service, You may have the right to have Our decision reviewed by health care professionals who have no association with Us. You have this right only if Our denial decision involved:

- the Medical Necessity, appropriateness, health care setting, level of care or effectiveness of Your health care service or supply; or
- Our determination that Your health care service or supply was Investigational.

Voluntary Standard External Review Request Timing

You must file Your written external review request with the DOI within four months after the date We issue a final notice of denial.

Appeal Step	How and When to Expect a Response
The DOI sends a copy of Your request for external review to Us.	Within 7 days of the DOI's receipt of request.
We review Your request for eligibility for external review.	Within 14 days of Our receipt of Your request from the DOI.
We notify You and the DOI in writing whether Your request is eligible or what additional information is needed. You may appeal to the DOI if We find Your request ineligible.	Within 5 working days of completing Our review.
If Your request is eligible for external review, the DOI assigns an IRO and notifies You in writing.	Within 7 days of the DOI's receipt of Our notice of eligibility.
You may submit any additional information in writing to the IRO that You want the IRO to consider in its review.	Within 7 days of Your receipt of the DOI's notice of IRO assignment.
The IRO must provide written notice of its decision to You, Us, and the DOI.	Within 42 days after receipt of request for external review.
Upon receipt of a notice reversing the final adverse benefit determination, We approve the coverage that was the subject of the external review.	As soon as reasonably practicable, but no later than 1 working day of Our receipt of the IRO's decision reversing Our previous final adverse benefit determination.

What You May Appeal – Voluntary Expedited External Review Request

You may file a written urgent care request with the DOI for an expedited external review of a Pre-Service or concurrent service denial.

"Urgent care request" means a claim relating to an admission, availability of care, continued stay or health care service for which You received emergency services but have not been discharged from a facility, or any Pre-Service or concurrent care claim for medical care or treatment for which application of the time periods for making a regular external review determination:

- could seriously jeopardize Your life or health or ability to regain maximum function;
- in the opinion of the treating health care professional with knowledge of Your medical condition, would subject You to severe pain that cannot be adequately managed without the disputed care or treatment; or
- the treatment would be significantly less effective if not promptly initiated.

Voluntary Expedited External Review Request Timing

You may file for an internal expedited appeal with Us and for an expedited external review request with the DOI at the same time.

Appeal Step	How and When to Expect a Response
After the DOI sends a copy of Your request for expedited external review to Us, We will determine eligibility for review.	Within 2 full working days.
We notify You and the DOI whether Your request is eligible. You may appeal to the DOI if We find Your request ineligible.	Within 1 working day of completing Our review.
If Your request is eligible for review, the DOI assigns an IRO and notifies You.	Upon the DOI's receipt of Our notice of eligibility.
The IRO must provide notice of its decision to You, Us, and the DOI.	Within 72 hours after the date of receipt of the external review request.
The IRO must provide written confirmation of its decision.	Within 48 hours of the IRO's decision.
If the decision reverses Our denial, We approve the coverage that was the subject of the expedited external review.	As soon as reasonably practical, but no later than 1 working day, after Our receipt of the IRO's decision reversing Our previous decision.

Binding Nature of the External Review Decision

The external review decision by the IRO will be final and binding on both You and Us. **This means that if You elect to request external review of Your claim, You will be bound by the decision of the IRO. You will not have any further opportunity for review of Your claim after the IRO issues its final decision.** If You choose not to use the external review process, other options for resolving a disputed claim may include mediation, arbitration or filing an action in court.

Under Idaho law, the IRO is immune from any claim relating to its opinion rendered or acts or omissions performed within the scope of its duties unless performed in bad faith or involving gross negligence.

DEFINITIONS

The following definitions apply to this Appeal Process Section:

Independent Review Organization (IRO) is an independent Physician review organization that acts as the decision-maker for voluntary external appeals and voluntary external expedited appeals and that is not controlled by Us.

Post-Service means any claim for benefits that is not considered Pre-Service.

Pre-Service means any claim for benefits which We must approve in advance, in whole or in part, in order for a benefit to be paid.

Representative means someone who represents You for the appeal. The Representative may be Your personal Representative or a treating Provider. It may also be another party, such as a family member, as long as You or Your legal guardian authorize in writing, disclosure of personal information for the appeal. No authorization is required from the parent(s) or legal guardian of a Member who is an enrolled dependent child who is less than 13 years old. For expedited appeals only, a health care professional with knowledge of Your medical condition is recognized as Your Representative. Even if You have previously designated a person as Your Representative for a previous matter, an authorization designating that person as Your Representative in a new matter will be required (but redesignation is not required for each appeal). If no authorization exists and is not received in the course of the appeal, the determination and any personal information will be disclosed to You, Your personal Representative or treating Provider only.

Eligibility and Enrollment

This section explains how to enroll Yourself and/or Your eligible dependents when first eligible, during a period of special enrollment or during an annual open enrollment period. It describes when coverage under the Contract begins for You and/or Your eligible dependents. Payment of any corresponding monthly premiums is required for coverage to begin on the indicated dates.

INITIALLY ELIGIBLE AND WHEN COVERAGE BEGINS

You will be entitled to enroll in coverage for Yourself and Your eligible dependents within 30 days of initially becoming eligible for coverage per the eligibility requirements in effect with the Group and as stated in the following paragraphs. Coverage for You and Your enrolling eligible dependents will begin on the Effective Date.

If You and/or Your eligible dependents do not enroll for coverage under the Contract when first eligible or You do not enroll in a timely manner, You and/or Your eligible dependents must wait until the next annual open enrollment period to enroll, except as described in the Special Enrollment provision below.

Retirees

Eligible Retiree means an officer or employee of a state agency, department or institution, including state officials, and elected officials who was hired on or before June 30, 2009. The retiree must be under 65, have at least ten years (20,800 hours) of credited state service, be receiving monthly retirement benefits from a State Retirement System and retire directly from state service.

Retirees hired after June 30, 2009 are not eligible for coverage unless they have credited state service of at least 20,800 hours before June 30, 2009 and subsequent to reemployment, election or reappointment on or after June 1, 2009 accumulate an additional 6,240 continuous hours of credited state service and are otherwise eligible coverage.

Dependents

Your Enrolled Dependents are eligible for coverage when You have listed them on the enrollment form or on subsequent change forms and when We have enrolled them in coverage under the Contract. Dependents are limited to the following:

- The person to whom You are legally married (spouse).
- Your (or Your spouse's) child who is under age 26 and who meets any of the following criteria:
  - Your (or Your spouse's) natural child, stepchild, adopted child or child legally Placed with You (or Your spouse) for adoption;
  - a child for whom You (or Your spouse) have court-appointed legal guardianship; or
  - a child for whom You (or Your spouse) are required to provide coverage by a legal qualified medical child support order (QMCSO).
- Your (or Your spouse's) child who is age 26 or over and incapable of self-support because of intellectual disability or physical handicap that began before the child's 26th birthday. You must complete and submit Our affidavit of dependent eligibility form, with written evidence of the child's incapacity, within 31 days of the later of the child's 26th birthday or Your Effective Date and either:
  - the child is an enrolled child immediately before their 26th birthday; or
  - the child's 26th birthday preceded Your Effective Date and the child has been continuously covered as a dependent on either a parent's or legal guardian's group coverage since that birthday.

  Our affidavit of dependent eligibility form is available by visiting Our website or by calling Customer Service.

An Eligible Retiree's spouse may not enroll in this plan if said spouse is an Eligible Retiree or eligible employee of the Group and enrolled in any other health benefit plan offered by the Group.

Under special circumstances approved by the Group, other children under the custodial care of the Enrolled Retiree may be considered as eligible dependents.

If both parents are Eligible Retirees or eligible employees of the Group and enrolled in any health benefit plan offered by the Group, eligible dependent children may be enrolled under one or the other parent's plan, but not both.

A retiree is no longer eligible for health care coverage when the retiree turns 65. The retiree's dependent spouse and eligible dependent children remain eligible for health care coverage until the spouse turns 65. A retiree's dependent spouse and dependent children are no longer eligible for health care coverage when the retiree's dependent spouse turns 65.

NEWLY ELIGIBLE DEPENDENTS

You may enroll a dependent who becomes eligible for coverage after Your Effective Date by completing and submitting an enrollment request and the appropriate premium (if any) is received by Us within 31 days of the date the monthly premium invoice is received by the Group and a notice of premium (if any) is provided to You by the Group.

Enrollment will be effective from:

- the moment of birth for a Newborn Child if a completed enrollment form is received within 60 days following the date of birth; or
- Placement of a Newly Adopted Child with the Enrolled Retiree for 60 days, but will continue from then on only if a completed enrollment form is received within 60 days following Placement with the Enrolled Retiree.

NOTE: Due to the nature of this high deductible health plan, adding dependents after January 1 of any year may change Your coverage from Single Coverage to Family Coverage, and may change the amount of Deductible and Out-of-Pocket Maximum that applies to Your coverage.

SPECIAL ENROLLMENT

There are certain situations when You may enroll Yourself and/or Your eligible dependents, even though You didn't do so when first eligible, and You do not have to wait for an annual open enrollment period. You must submit an enrollment form on behalf of all individuals who become eligible based on the provisions below.

If You declined coverage when first eligible, You (unless already enrolled) and/or Your eligible dependents are eligible to enroll for coverage under the Contract within 30 days from the date of one of the following qualifying events:

- You and/or Your eligible dependents lose coverage under another group or individual health benefit plan due to one of the following:
  - an employer's premium contributions to that other plan are terminated;
  - exhaustion of federal COBRA or any state continuation; or
  - loss of eligibility due to legal separation, divorce, death, termination of employment or reduction in hours.
- You involuntarily lose coverage under Medicare, CHAMPUS/Tricare, Indian Health Service or a publicly sponsored or subsidized health plan (other than Children's Health Insurance Program (CHIP)).
  - NOTE: If the qualifying event is involuntary loss of coverage with Medicaid or CHIP, You have 60 days from the date of the qualifying event to enroll.
- You lose coverage under Medicaid or CHIP.

For the above qualifying events coverage will be effective on the first day of the month following loss of coverage. Loss of eligibility does not include a loss because You failed to timely pay Your portion of the premium or when termination of coverage was due to fraud. It also doesn't include Your decision to

terminate coverage. However, it may include Your decision to take another action (for example, terminating employment) that results in a loss of eligibility.

If You declined coverage when first eligible, You (unless already enrolled) and/or Your eligible dependents are eligible to enroll for coverage under the Contract within 60 days from the date of one of the following qualifying events:

- You marry;
- You acquire a new child by birth, adoption or Placement for adoption; or
- You and/or Your eligible dependents become eligible for premium assistance with Medicaid or CHIP.

For the above qualifying events coverage will be effective on the first of the month following the date of the qualifying event. However, if the qualifying event is a child's birth, adoption or Placement for adoption, coverage is effective from the date of the birth, adoption or Placement.

ANNUAL OPEN ENROLLMENT PERIOD

The annual open enrollment period is the period of time before the Group's Renewal Date and is the only time, other than initial eligibility or a special enrollment period, during which You and/or Your eligible dependents may enroll. You must submit an enrollment form on behalf of all individuals You want enrolled. Coverage will begin on the Effective Date.

DOCUMENTATION OF ELIGIBILITY

You must promptly provide (or coordinate) any necessary and appropriate information to determine the eligibility of a dependent. We must receive such information before enrolling a person as a dependent under the Contract.

When Coverage Ends

This section describes the situations when coverage will end for You and/or Your Enrolled Dependents. You must notify Us within 30 days of the date on which an Enrolled Dependent is no longer eligible for coverage.

No person will have a right to receive any benefits after the date coverage is terminated. Termination of Your or Your Enrolled Dependent's coverage under the Contract for any reason will completely end all Our obligations to provide You or Your Enrolled Dependent benefits for Covered Services received after the date of termination. This applies whether or not You or Your Enrolled Dependent is then receiving treatment or is in need of treatment for any Illness or Injury incurred or treated before or while the Contract was in effect.

CONTRACT TERMINATION

If the Contract is terminated or not renewed by the Group or Us, coverage ends for You and Your Enrolled Dependents on the date the Contract is terminated or not renewed.

WHAT HAPPENS WHEN YOU ARE NO LONGER ELIGIBLE

If You are no longer eligible as explained in the following paragraphs, coverage ends for You and Your Enrolled Dependents on the last day of the month in which Your eligibility ends. However, it may be possible for You and/or Your Enrolled Dependents to continue coverage under the Contract according to the COBRA Continuation of Coverage or the Other Continuation Options Sections.

Termination of Your Employment or You are No Longer Eligible

If You are no longer eligible due to termination of employment or You are otherwise no longer eligible according to the terms of the Contract, coverage will end for You and all Enrolled Dependents on the last day of the month in which eligibility ends.

Nonpayment of Premium

If You fail to make required timely premium contributions, coverage will end for You and all Enrolled Dependents.

WHAT HAPPENS WHEN YOUR ENROLLED DEPENDENTS ARE NO LONGER ELIGIBLE

If Your dependent is no longer eligible as explained in the following paragraphs, coverage ends for Your Enrolled Dependents on the last day of the month in which their eligibility ends. However, it may be possible for an ineligible dependent to continue coverage under the Contract according to the COBRA Continuation of Coverage or the Other Continuation Options Sections.

Divorce or Annulment

Eligibility ends for Your enrolled spouse and the spouse's children (unless such children remain eligible by virtue of their continuing relationship to You) on the last day of the month following the date a divorce or annulment is final.

Death of the Enrolled Retiree

If You die, coverage for Your Enrolled Dependents ends on the last day of the month in which Your death occurs.

Loss of Dependent Status

- Eligibility ends on the last day of the month in which an enrolled child exceeds the dependent age limit.
- Eligibility ends on the date in which an enrolled child is removed from Placement due to disruption of Placement before legal adoption.
- Eligibility ends on the last day of the month in which an enrolled child is no longer an eligible dependent for any other cause not described above.

OTHER CAUSES OF TERMINATION

Members terminated for the following reason may be able to continue coverage under the Contract according to the COBRA Continuation of Coverage or the Other Continuation Options Sections.

Fraud or Misrepresentation

We have issued this Booklet in reliance upon all information furnished to Us by You or on behalf of You and Your Enrolled Dependents. No statement made for effecting insurance will void such insurance or reduce benefits unless such statement is contained in a written instrument signed by You.

In the event of any intentional misrepresentation of material fact or fraud by the Group, coverage under the Contract will terminate for the Group.

CERTIFICATES OF CREDITABLE COVERAGE

Requests for and inquiries about required certificates relating to period(s) of creditable coverage under the Contract should be directed to the Group, or to Us at P.O. Box 1106, Lewiston, ID 83501-1106.

COBRA Continuation of Coverage

COBRA is a continuation of this coverage for a limited time after certain events cause a loss of eligibility. COBRA continuation does not apply to all groups.

If Your Group is subject to COBRA, COBRA continuation is available to Your Enrolled Dependents if they lose eligibility because:

- You die;
- You and Your spouse divorce or the marriage is annulled;
- You become entitled to Medicare benefits; or
- Your enrolled child loses eligibility as a child under this coverage.

COBRA also is available to You if You lose eligibility because Your employment terminates (other than for gross misconduct) or Your hours of work are reduced. (A special COBRA continuation also applies to You and Your Enrolled Dependents per certain conditions if You are retired and Your Group files for bankruptcy.)

There are some circumstances involving disability or the occurrence of a second one of these events that can result in extension of the limited period of continuation following a termination of employment or reduction in working hours. COBRA also can terminate earlier than the maximum periods.

General Rules

You or Your Enrolled Dependents are responsible for payment of the full premium for COBRA continuation, plus an administration fee, even if the Group contributes toward the premiums of those not on COBRA continuation. The administration fee is two percent or, during any period of extension for disability, 50 percent.

In order to preserve Your and Your Enrolled Dependent's rights with COBRA, You or Your Enrolled Dependents must inform the Group in writing within 60 days of:

- Your divorce or annulment or a loss of eligibility of a child;
- Your initial loss of eligibility due to Your termination of employment or reduction in working hours and You experience another one of the events listed above; or
- a Social Security disability determination that You or Your Enrolled Dependent were disabled per Social Security at the time of a termination of employment or reduction in working hours or within the first 60 days of COBRA continuation following that event. (If a final determination is later made that You or Your Enrolled Dependent is no longer disabled per Social Security, You or Your Enrolled Dependent must provide the Group notice of that determination within 30 days of the date it is made.)

The Group also must meet certain notification, election and payment deadline requirements. It is very important that You keep the Group informed of the current address of all Members who are or may become qualified beneficiaries.

If You or Your Enrolled Dependents do not elect COBRA continuation coverage, coverage under the Contract will end according to the terms of the Contract and We will not pay claims for services provided on and after the date coverage ends.

Notice

The Contract includes additional details on the COBRA Continuation provisions outlined here and complete details are available from Your Group.

Other Continuation Options

This section describes situations when coverage may also be extended for You and/or Your Enrolled Dependents beyond the date of termination.

Availability of Other Coverage

When eligibility under the Contract terminates at the end of or in lieu of any available COBRA continuation coverage period, or otherwise upon termination of this coverage, an individual insurance policy or Medicare supplement plan is available through Us. The policy or plan will have equal or lesser benefits than this coverage.

Pregnancy

If this Booklet provided for maternity benefits and any Member is pregnant at the time of termination of the Contract and the Member is not eligible for any replacement group coverage within 60 days of the termination of the Contract, We will provide benefits for pregnancy, childbirth or miscarriage as detailed in this Booklet for a period not to exceed 12 months beyond the date of termination.

Total Disability

If You are totally disabled at the time of termination of the Contract, We will continue to provide benefits for You for Covered Services received as a result of the disabling condition(s) beyond the date of termination of the Contract until the first of the following situations occurs:

- it has been 12 months from the date of termination;
- You are no longer totally disabled; or
- You have met the Maximum Benefits.

"Totally disabled" means a condition resulting from Illness or Injury in which, as certified by a Physician:

- An Enrolled Retiree or spouse is completely unable to perform the substantial duties of any occupation or business for which they are qualified. "Qualified" means by reason of education, training or experience. In addition, the Enrolled Retiree or spouse is not engaged in any occupation for wage or profit at the time of being totally disabled.
- A retiree or Enrolled Dependent is completely unable to engage in normal duties or activities of a person in good health who is the same gender and age.

General Provisions and Legal Notices

This section explains various general provisions and legal notices regarding Your benefits under this coverage.

CHOICE OF FORUM

Any legal action arising out of the Contract must be filed in a court in the state of Idaho.

GOVERNING LAW AND DISCRETIONARY LANGUAGE

The Contract will be governed by and construed in accordance with the laws of the United States of America and by the laws of the state of Idaho without regard to its conflict of law rules. The plan administrator, the Group, delegates Us discretion for the purpose of paying benefits under this coverage only if We determine that You are entitled to them and of interpreting the terms and conditions of the benefit plan. Final determinations pursuant to this reservation of discretion do not prohibit or prevent a claimant from seeking judicial review of those determinations in federal court. The reservation of discretion made under this provision only establishes the scope of review that a court will apply when You seek judicial review of Our determination of the entitlement to and payment of benefits or interpretation of the terms and conditions applicable to the benefit plan. We are not the plan administrator, but are an insurance company that provides insurance to this benefit plan, and the court will determine the level of discretion that it will accord determinations.

GROUP IS AGENT

The Group is Your agent for all purposes under the Contract and not Our agent. You are entitled to health care benefits pursuant to an agreement between Us and the Group. In the Contract, the Group agrees to act as agent for You in acknowledging Your agreement to the terms, provisions, limitations and exclusions contained in this Booklet. You, through the enrollment form signed by the Enrolled Retiree, and as beneficiaries of the Contract, acknowledge and agree to the terms, provisions, limitations and exclusions in this Booklet.

LIMITATIONS ON LIABILITY

You have the exclusive right to choose a health care Provider. We are not responsible for the quality of health care You receive, since all those who provide care do so as independent contractors. Since We do not provide any health care services, We cannot be held liable for any claim or damages connected with Injuries You suffer while receiving health services or supplies provided by professionals who are neither Our employees nor agents.

In addition, We will not be liable to any person or entity for the inability or failure to procure or provide the benefits in this Booklet by reason of epidemic, disaster or other cause or condition beyond Our control.

MODIFICATION OF CONTRACT

We shall have the right to modify or amend the Contract from time to time. However, no modification or amendment will be effective until a minimum of 30 days (or as required by law) after written notice has been given to Members or to the Group. The modification must be uniform within the product line and at the time of renewal. Exceptions to this modification provision for circumstances beyond Our control are further addressed in the Contract. No modification or amendment of the Contract will affect the benefits of any Member who is, on the Effective Date of such modification or amendment, confined in a Hospital or other facility on an inpatient basis, until the first discharge from such facility occurring after such Effective Date.

NO WAIVER

The failure or refusal of either party to demand strict performance of the Contract or to enforce any provision will not act as or be construed as a waiver of that party's right to later demand its performance or to enforce that provision. No provision of the Contract will be considered waived by Us unless such waiver is reduced to writing and signed by one of Our authorized officers.

NONASSIGNMENT AND NONASSIGNMENT OF VOTING RIGHTS

Only You are entitled to benefits under the Contract. These benefits are not assignable or transferable to anyone else and You (or a custodial parent or the state Medicaid agency, if applicable) may not delegate, in full or in part, benefits or payments to any person, corporation or entity. Any attempted assignment, transfer or delegation of benefits will be considered null and void and will not be binding on Us. You may not assign, transfer or delegate any right of representation or collection other than to legal counsel directly authorized by You on a case-by-case basis.

A Contract holder entitled to vote on any matter of corporation business may not assign or in any way delegate such voting right to any other person or entity, other than by a validly executed written proxy filed with Us in compliance with Our bylaws.

NOTICES

Any notice to Members or to the Group required in the Contract will be considered properly given if written notice is deposited in the United States mail or with a private carrier. Notices to an Enrolled Retiree or to the Group will be addressed to the last known address appearing in Our records. If We receive a United States Postal Service change of address (COA) form for an Enrolled Retiree, We will update Our records accordingly. Additionally, We may forward notice for an Enrolled Retiree to the Group administrator if We become aware that We don't have a valid mailing address for the Enrolled Retiree. Any notice to Us required in the Contract may be mailed to Our Customer Service address. However, notice to Us will not be considered to have been given to and received by Us until physically received by Us.

Notice of Annual Meeting

The annual meeting of Regence BlueShield of Idaho Contract holders will be held at 10 a.m., Pacific Time on the third Wednesday of April at its corporate headquarters located at 1602 21st Avenue, Lewiston, ID.

PREMIUMS

Premiums are to be paid in advance to Us by the Group on or before the premium due date. Failure by the Group to make timely payment of premiums may result in Our terminating the Group's or Member's coverage on the last day of the month through which premiums are paid or such later date as provided by applicable law.

RELATIONSHIP TO BLUE CROSS AND BLUE SHIELD ASSOCIATION

The Group on behalf of itself and its Members expressly acknowledges its understanding that the Contract constitutes an agreement solely between the Group and Regence BlueShield of Idaho, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans (the Association), permitting Us to use the Blue Shield Service Mark in the state of Idaho and in Asotin and Garfield counties in the state of Washington and that We are not contracting as the agent of the Association. The Group on behalf of itself and its Members further acknowledges and agrees that it has not entered into the Contract based upon representations by any person or entity other than Regence BlueShield of Idaho and that no person or entity other than Regence BlueShield of Idaho will be held accountable or liable to the Group or the Members for any of Our obligations to the Group or the Members created under the Contract. This paragraph will not create any additional obligations whatsoever on the part of Regence BlueShield of Idaho other than those obligations created under other provisions of the Contract.

REPLACEMENT

In the event the Contract replaces another group contract or policy within 60 days of its termination, We will immediately cover all employees and dependents covered by the previous plan at the date of discontinuance, provided they meet the definition of an Enrolled Retiree and Enrolled Dependent under the Contract and otherwise would be eligible for coverage by the previous plan.

REPRESENTATIONS ARE NOT WARRANTIES
In the absence of fraud, all statements You make in an enrollment form will be considered representations and not warranties. No statement made for obtaining coverage will void such coverage or reduce benefits unless contained in a written document signed by You, a copy of which is furnished to You.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION AND MEDICAL RECORDS
It is important to understand that Your personal health information may be requested or disclosed by Us. This information will be used for the purpose of facilitating health care treatment, payment of claims or business operations necessary to administer health care benefits; or as required by law.

- an insurance carrier or group health plan;
- any other institution providing care, treatment, consultation, pharmaceuticals or supplies;

You have the right to request, inspect and amend any records that We have that contain Your personal health information. Contact Customer Service to make this request.

NOTE: This provision does not apply to information regarding HIV/AIDS, psychotherapy notes, alcohol/drug services and genetic testing. A specific authorization will be obtained from You in order for Us to receive information related to these health conditions.

TAX TREATMENT
We do not provide tax advice. Consult Your financial or tax advisor for information about the appropriate tax treatment of benefit payments and reimbursements.

WE ARE NOT RESPONSIBLE FOR HSA FINANCIAL OR TAX ARRANGEMENTS
You are solely responsible to ensure that this plan qualifies, and continues to qualify, for use with any HSA that You choose to establish and maintain. We do not assume any liability associated with Your contribution to an HSA during any period that this high deductible health plan does not qualify for use with an HSA. An HSA is a tax-exempt account established per Section 223(d) of the Internal Revenue Code exclusively for paying qualified medical expenses of the account beneficiary. Contributions to such an account are tax deductible but in order to qualify for and make contributions to an HSA, You must be enrolled in a qualified high deductible health plan (and not be enrolled in other coverage). Note that the tax references contained in this Booklet relate to federal income tax only. The tax treatment of HSA contributions and distributions per Your state's income tax laws may differ from the federal tax treatment, and differs from state to state.

We do not provide tax advice and assume no responsibility for reimbursement from the custodial financial institution for any HSA with which this high deductible health plan is used. Consult with Your financial or tax advisor for tax advice or for more information about Your eligibility for an HSA.

WHEN BENEFITS ARE AVAILABLE

In order for health expenses to be covered, they must be incurred while coverage is in effect. Coverage is in effect when all of the following conditions are met:

- the person is eligible to be covered according to the eligibility provisions in the Contract;
- the person has enrolled in coverage and has been enrolled by Us; and
- premium for the person for the current month has been paid by the Group on a timely basis.

The expense of a service is incurred on the day the service is provided and the expense of a supply is incurred on the day the supply is delivered to You.

- reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- prosthesis and treatment of physical complications of all stages of mastectomy, including lymphedemas.

We will review Scientific Evidence from well-designed clinical studies found in peer-reviewed medical literature, if available, and information obtained from the treating Physician or Practitioner regarding the Health Intervention to determine if it is Investigational. A Health Intervention not meeting all of the following criteria is, in Our judgment, Investigational:

- If a medication or device, the Health Intervention must have final approval from the FDA as being safe and effective for general marketing. However, if a medication is prescribed for other than its FDA-approved use and is recognized as effective for the use for a particular diagnosed condition, benefits for the medication may be provided when so used.
- The Scientific Evidence must permit conclusions concerning the effect of the Health Intervention on Health Outcomes, which include the disease process, Illness or Injury, length of life, ability to function and quality of life.

- The Health Intervention must improve net Health Outcome.

- clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's Illness, Injury or disease;
- not primarily for the convenience of the patient, Physician or other health care Provider; and
