ENHANCED MEDICATION SUPPORT

Rx help for better health and savings

Medication questions? We've got answers. From understanding your benefits to finding lower-cost drugs to locating the best pharmacy, your Regence health plan has the tools and guidance to help you make the best choices for your health.

Real savings

When Patricia went to buy her prescription inhaler, she was shocked to find out it would cost her \$300 for each refill.

After a brief moment of panic and mental budgeting, she remembered she had a lifeline in all of this: her Regence medication support tools.

“I can’t believe how much I was going to pay for my inhaler. All it took was simply asking a pharmacist. They did all the work to save me hundreds of dollars!”

Support for you and your family

When you create an account at [regence.com](https://www.regence.com) or on the Regence app, you can easily access medication support tools that help you:

Research and compare medications for costs, effectiveness and side effects

Connect with a licensed pharmacist who can review your current medications and answer all your medication questions

Get personalized alerts about ways to save on medications, safety concerns and FDA recalls

Review your care history to see a chronological list of medications, provider appointments and labs for you and family members on your plan

Get assistance changing and transferring prescriptions, or setting up home delivery

Start getting medication support

1. Create an account or sign in at [regence.com](https://www.regence.com).
2. Opt in to **News & updates** to get personalized insights.
3. Download the Regence app for on-the-go access to everything you need.
